ARTICULATION AGREEMENT

Raritan Valley Community College and Cedar Crest College agree to mutual cooperation in correlating their respective programs for the associate and baccalaureate degrees.

Dual admission students are the articulation agreement's principal beneficiaries. They are provided with an opportunity to plan a total baccalaureate degree program at the outset of their college education by having one counselor from each institution providing the most current academic program advice under the protection of an established agreement.

PRINCIPLES OF AGREEMENT

Raritan Valley Community College and Cedar Crest College confirm the following points of agreement:

1. DUAL ADMISSION

A student desiring dual admission will contact the transfer counselors at both institutions and work closely with them when selecting courses at Raritan Valley Community College. This maximizes the number of academic transfer credits that may be accepted by Cedar Crest College.

2. LETTER OF INTENT

A dual admission student will sign a letter of intent to transfer to Cedar Crest College.

This letter must be submitted to either Cedar Crest College's Admissions Office or the Center for Lifelong Learning sometime between the student's admission to Raritan Valley Community College and the completion of 30 credits at Raritan Valley Community College.

3. GUARANTEED ADMISSION TO CEDAR CREST COLLEGE

A submitted letter of intent will be valid for three years (part-time students may be granted an extension) from the date received by Cedar Crest College and will guarantee admission to the student who completes the Associate in Arts or Associate in Science Degree or 60 transferable credits at Raritan Valley Community College with an overall grade point average of at least 2.5.

4. TRANSFER OF CREDITS

Cedar Crest College determines the transfer of academic credit from Raritan Valley Community College. All transferred courses must be graded C or above. No more than 60 credits from Raritan Valley Community College will be transferred to Cedar Crest College. A dual admission student with an associate degree or 60 transferable credits will generally enter Cedar Crest College as a junior.

5. NON-DUAL ADMISSION STUDENTS

A non-dual admission student with or without an associate degree may also apply for admission to Cedar Crest College. Completed Raritan Valley Community College coursework will be routinely evaluated for transfer credit and admission to Cedar Crest College will be determined at the time a student applies for admission.

6. COURSE REGISTRATION

Upon formal admission to Cedar Crest College, transferring students will receive the same opportunity to pre-register for classes as original Cedar Crest College students. This also includes access to other student services.

7. GRADUATION REQUIREMENTS

To earn a bachelor of science or a bachelor of arts degree from Cedar Crest College, an admitted dual admission student will be required to fulfill all graduation requirements as they are described in the college catalog in effect when the student's letter of intent has been received by Cedar Crest College.

8. CHANGES IN GRADUATION REQUIREMENTS

When graduation requirements change at Cedar Crest College and matriculated original students are permitted an option, dual admission students studying at Raritan Valley Community College will also have the option of satisfying program requirements in effect at the time they submitted their letter of intent or they may choose to satisfy the new requirements.

This option expires should the dual admission student not transfer to Cedar Crest College within one year of completing studies at Raritan Valley Community College.

9. DETERMINATION OF ACADEMIC HONORS

Only credits earned at Cedar Crest College will be used in the computation of academic honors.
