

Experienced Student Completion Scholarship

Strayer University offers three Experienced Student Completion Scholarships for the Spring recruiting term for new and readmit students who qualify. This scholarship is effective as of the Spring 2012 term and is not applicable to new or readmit students who were finalized for previous terms or who reside and/or take classes in the state of Ohio¹.

THE \$1000 EXPERIENCED STUDENT COMPLETION SCHOLARSHIP

\$1,000 per term up to a maximum of \$17,000 over 17 terms to assist students with the completion of a bachelor's or an associate's degree.

In order to qualify for this scholarship, students must:

- Be a new or readmit student for the Spring 2012 term.² New students must have at least 27 transfer credits from a Strayer acceptable University. Readmit students must have at least 27 credits with a cumulative GPA of 3.0 or higher.
- Meet all the Strayer University admissions requirements
- Be in good financial standing with the University (\$0 balance)
- Use the scholarship within 22 terms from the first term of enrollment
- Complete two or more courses during each award term in any associate or bachelor's program³

The scholarship will be officially awarded once transfer credit is posted to the student's record (if applicable) and will be applied as a reduction to tuition at a rate of \$1,000 per term. Tuition will be reduced in week eight (8) of class, or after the last date to drop without academic penalty as long as the student is still attending both courses. Two courses must be completed each term, regardless of grade earned, in order to receive the scholarship for that term. If two courses are not completed, the scholarship will be revoked for that term but will still be available in subsequent terms, up to the maximum timeframe of 22 terms. The scholarship will remain in effect for as many terms as it takes the student to complete the degree program, up to a maximum of 22 terms, as long as the student continues to meet eligibility requirements. The scholarship represents a maximum award value of \$17,000 over 17 terms. The scholarship will expire after 22 terms from the date of original enrollment. The communication and awarding of the scholarship will be done via the Campus Director, who will review the student's file and provide the scholarship letter.

¹ Students that either reside in the State of Ohio, or reside outside Ohio but enroll at an Ohio campus, are not eligible for any of these scholarships, regardless of their course delivery mode (online or on-ground).

² Students must request scholarship consideration and submit proof of eligibility within 30 days from the start of classes. In all cases, the scholarship grant is at Strayer's discretion.

³ If a student drops below the 2 courses (undergraduate program) or withdraws completely, the scholarship will be withdrawn for that term.
