HEALTH SCIENCE PROGRAMS

Fall 2017

INTERESTED IN PURSUING A CAREER IN HEALTHCARE?

Raritan Valley Community College is your pathway to success.

- Small class sizes
- Accomplished faculty
- Innovative teaching

According to the U.S. Bureau of Labor Statistics, in recent years the demand for healthcare professionals has rapidly increased, especially in the state of New Jersey. There are tremendous shortages of trained healthcare professionals. As a result, Allied Health disciplines are among the fastest growing occupations. Our courses prepare students for employment opportunities in a variety of areas. Classes are offered year-round, days, evenings and weekends. Classes can also be customized to fit the needs of your organization or company.

Training money may be available for prospective students who are currently unemployed. Please contact your local Employment Services Office for more information on the training grant process and availability.

Free Courses	1	Health Science	
Certification Courses	1-6	Credit Programs	7-8

HP311 Pharmacy Technician

Become certified in one of the most in-demand healthcare occupations today. This comprehensive 90-hour course is designed to provide hands-on training to individuals who seek a career as a Pharmacy Technician (PT). The course involves 50-hours of classroom instruction, question/answer review, exams, plus 40-hours of practical experience in a pharmacy. The practical experience will be scheduled at the beginning of the course and must be completed by the last day of class. Students are required to locate participating pharmacies for practical hours and must complete the 40 hours on their own time outside of class time. This course is designed to enable students to successfully complete the National Pharmacy Technician Certification Board (PTCB) exam. Instructions and forms will be sent to your home address upon registering. A criminal background check and drug testing are required and will be of additional charge to the student. Students must also be aware that once they pass the PTCB exam, an additional background check will be required by the student and it will be at an additional cost. Books are sold separately at the RVCC Golden Lion Bookstore. Instructor: Harshil Patel, R. Ph RVCC is an official Advocate Educator for the Pharmacy Technician Certification Board.

HP 400 Preconception Peer Educator

Preconception Peer Educator is a free online course provided by Raritan Valley Community College in partnership with Central Jersey Family Health Consortium and Office of Minority Health. The 2-week session will provide information on topics such as infant mortality, birth inequity and health disparity, preconception health and peer education. If you are interested in participating in this course please contact Beryl Stetson at Beryl.Stetson@raritanval.edu or if you need more information regarding the course and its topics you can contact Betsy Coffin at bcoffin@cjfhc.org. Participants will receive a Preconception Peer Educator Certificate from the U.S Department of Health and Human Services Office of Minority Health at the completion of the course.

HP411 Phlebotomy Lab Assistant

Phlebotomists are integral members of the laboratory team who are trained in specimen collection and processing. This 180-hour course consists of lecture, lab, and clinical practice and prepares students to seek employment as a phlebotomist in hospitals, outpatient clinics, medical practices, and insurance companies. The course consists of 100-hours of classroom instruction and 80-hours of clinical practice at a hospital. The clinical practice will run during daytime/weekday hours and will be assigned at the end of the first month of the class. Please make sure you are available for at least one week during the daytime for a local clinical experience. Students also may choose to sign up for a clinical that meets 11:00pm-6:00am at Jefferson University Hospital in Philadelphia, PA. Upon successful completion of this course, students are eligible to sit for the American Society of Phlebotomy Technicians (ASPT) National Certification Exam, which will be held at RVCC. Instructions and forms will be sent to your home address upon registering. RVCC is an approved provider for the American Society of Phlebotomy Technicians (ASPT). Books are sold separately at the RVCC Golden Lion Bookstore.

ONLINE COURSES

HP 812 Introduction to Natural Health and Healing

This course is designed for anyone who wants to learn how to promote wellness, balance and health in their daily lives. It will give students a basic understanding of the field of natural health. We'll discuss the various stages of health and illness, and you'll discover that true health means wholeness of the mind, body, and spirit. We'll also explore naturopathy, which seeks ways for the body to heal itself. You'll find out about proper breathing techniques that enhance health, and you'll learn the value of hydrotherapy, diet, biorhythms, and fasting. We'll also examine using the power of the mind for healing the body--discussing brain function tests, visualization, and relaxation therapies. **Students may register directly at www.ed2go.com/RVCE**

Classes start in August, September, October, November, December

Course fee: \$115

HP 813 HIPAA Compliance

Demystify the complexities of HIPAA, and the new ARRA/HITECH rules! If you're a health care professional, it's mandatory that you know the ins and outs of HIPAA compliance. This course focuses on the Administrative Simplification portion of HIPAA. We'll cover transactions, code sets, and identifiers; the Privacy Rule; and the Security Rule. In addition, this course has been upgraded to include the new 2010 ARRA/HITECH provisions, which include the use of new transactions and code sets, new standards for the electronic transmission of health insurance data, and updates to the breach notification rules. **Students may register directly at www.ed2go.com/RVCE**

Classes start in August, September, October, November, December

Course fee: \$115

HP 814 Certificate in End of Life Care

The Certificate in End-of-Life Care represents a specialization in the field of caring for those who are experiencing a terminal illness. It is designed to enhance the knowledge and skills of individuals who work with dying patients by providing a multidisciplinary educational experience. The Certificate in End of Life Care distinguishes you as a knowledgeable, skilled, and committed professional in this special field of health care. The program enhances professional marketability, builds skills and competencies, fulfills continuing education requirements for many professionals, and develops an interdisciplinary perspective on end-of-life care. **Students may register directly at www.ed2go.com/RVCE**

Classes start in August, September, October, November, December

Course fee: \$115

HP 815 Certificate in Gerontology

The Certificate in Gerontology represents a specialization in the field of gerontology. It is designed to enhance the knowledge and skills of individuals who work with older adults by providing an educational experience that is multidisciplinary in nature. Health professionals who work with the older population will need continuing professional education to gain a broad understanding of the field of gerontology and to stay current with emerging trends. **Students may register directly at www.ed2go.com/RVCE**

Classes start in August, September, October, November, December

Course fee: \$215

Psycho-Social Rehabilitation and Treatment - Joint Associate of Science Degree a Dual Degree Program with Rutgers University

The Associate of Science degree program in Psychosocial Rehabilitation and Treatment prepares the students to help with the promotion of recovery, community integration, and improved quality of life for people living with psychiatric disabilities. Psychosocial Rehabilitation professionals provide community-based support and services to people diagnosed with severe mental illnesses. There are career opportunities in a variety of psychiatric rehabilitation and community mental health settings, such as residential, partial care and supported employment programs.

Please contact Kathleen Michell@raritanval.edu or 908-526-1200, ext. 8629 for more details.

Exercise Science Associate Degree (AS)

The Associate of Science degree in Exercise Science promotes a dynamic, interactive approach to learning exercise science that prepares students for careers in health and fitness-related fields in both public and private industries. At the same time, the program prepares students for transfer into a four year degree program, as a junior, in a variety of fitness related majors such as Exercise Physiology, Kinesiology, Athletic Training, Exercise Science, Physical Therapy, Occupational Therapy.

Sports Management Option

A degree in Sports Management focuses on the business aspects of sport at many levels. The Associate Degree prepares students for entry level positions in the field as well as transfer into four year degree program in Sports Management.

Fitness Specialist Certificate

Learn the skills needed to become a Certified Personal Trainer. Students will gain practical knowledge and experience in the skills needed to be a competent and successful personal trainer while preparing to sit for an accredited national certification exam.

For additional information please contact: Linda Romaine, MS, MBA, BS; 908-526-1200 ext. 8290.

Courses of interest within the program: FITN 108-Volleyball, FITN 148-Lifeguarding, FITN 143-Yoga, and FITN 211-Intro to Personal Training.

Health Information Technology Associate of Applied Science Degree (AAS) – Accredited by CAHIIM, the program prepares students to sit for the AHIMA RHIT credentialing exam.

For additional information please contact: Kathy Reilly, MS, RHIT, 908-526-1200, ext. 8630.

Medical Coding Certificate Program - Prepares students for the entry level coding credential, CCA (Certified Coding Associate). This program rolls into the AAS, HIT program for those who wish to continue.

For additional information please contact: Kathy Reilly, MS, RHIT, 908-526-1200, ext. 8630.

Health Science Associate Degree (AS) - The Associate of Science degree program in Health Science is designed for students interested in a health related degree or students from previous allied health related programs who are interested in the opportunity to earn an Associate of Science in Health Science.

Please contact: Kathleen Michell, Ed.D. Kathleen.Michell@raritanval.edu or 908-526-1200, ext. 8629 for more details.

Medical Assistant Certificate Program - The Medical Assistant Certificate program trains students to work in doctor's offices and other ambulatory care facilities under the supervision of a physician or office manager. Graduates will be able to sit for the Certified Medical Assistant (CMA) exam offered by the American Association of Medical Assistants (AAMA) and the Registered Medical Assistant (RMA) exam offered by the American Medical Technologists. Classes start in the fall.

For additional information please contact: Martha.Logan-Bieler@raritanval.edu; Martha Logan-Bieler, M.Ed, RHIT, RMA; 908-526-1200, ext. 8317

Graduates of RVCC's Medical Assistant Program are satisfied with the education they receive as

there is an average 95% graduate satisfaction rate over the past five years. During this same period, 96% of the graduates took the Certified Medical Assistant (CMA) or Registered Medical Assistant (RMA) examination and 92% of the test takers passed the exam.

The RVCC Medical Assistant Program is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of the Medical Assisting Education Review Board (MAERB). Commission on Accreditation of Allied Health Education Programs, 25400 U.S. Highway 19 North, Suite 158, Clearwater, FL 33763. 727-210-2350, www.caahep.org.

Nursing/RN AAS Program

For more information, please visit: www.raritanval.edu/healthscience

The Associate of Applied Science Degree program in Nursing prepares students for entry-level positions in nursing and to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN). The program is accredited by the New Jersey Board of Nursing and by the Accreditation Commission for Education in Nursing (formerly National League for Nursing Accrediting Commission).

The Associate of Applied Science Degree program in Nursing (PN/AD Option) prepares graduates of Practical Nursing programs who want to advance their educational preparation to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN).

Ophthalmic Science (Opticianry) Associate of Applied Science Degree (AAS) and Ophthalmic Science - Certificate (Apprenticeship Option) - Both of these options qualify students for the NJ State Board examination to become a licensed optician.

For additional information please contact: Brian A. Thomas, Ph.D., ABOM 908-526-1200, ext. 8277.

Ophthalmic Laboratory Technician (Apprenticeship)/Certificate of Completion - This option qualifies students for an entry level position and the NJ State Board Examination for an Ophthalmic Technician.

For additional information please contact: Brian A. Thomas, Ph.D., ABOM 908-526-1200, ext. 8277.

HP 100 DONOR ADVOCACY TRAINING

The Nursing Program at Raritan Valley Community College and the New Jersey Organ and Tissue Sharing Network invite you to an informational seminar.

Please visit www.njsharingnetwork.org for additional information on dates and times in the near future.

Additional Upcoming Events:

- Visit www.Nurse.com or <https://www.njsharingnetwork.org> and click the “professional” tab, then “clinical education and training”
- Online organ & tissue donation training for contact hour on EliteCME <https://nursing.elitecme.com/NJ/course/ANCCNJ01ODI17-4466>

This activity has been submitted to the Association of periOperative Registered Nurses, Inc. for approval to award contact hours. The Association of periOperative Registered Nurses, Inc. is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation. Activities that are approved by AORN are recognized as continuing education for registered nurses. This recognition does not imply that AORN or the ANCC Commission on Accreditation approves or endorses any product included in the presentation.

New for Spring 2018

OCCUPATIONAL THERAPY ASSISTANT A.A.S DEGREE PROGRAM

Occupational Therapy Assistants collaborate with occupational therapists to help people improve their functions so they can carry on daily life activities. They provide rehabilitative services to individuals with physical, emotional, mental or developmental impairments.

Occupational Therapy Assistants help people of all ages handle daily tasks and regain their independence.

Starting in Spring 2018, RVCC is planning to offer a degree program that will prepare you for this rewarding career.

The entry-level occupational therapy assistant program at RVCC has applied for accreditation by the Accreditation Council for Occupational

Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA). The program must be granted Candidacy Status, have a pre-accreditation review, complete an on-site evaluation, and be granted Accreditation Status before its graduates will be eligible to sit for the National Certification Examination for the occupational therapist administered by the National Board for Certification in Occupational Therapy (NBCOT). The program is currently in the candidacy submission stage.

For additional information, please contact: Beau Younker, MS, OTR Occupational Therapy Assistant Coordinator at 908-526-1200, x8416 or Beau.Younker@raritanval.edu

Required textbooks may be purchased at the **RVCC Golden Lion Bookstore**, unless otherwise stated in the course description.

Refund Policy Noncredit Courses

If a student chooses to withdraw from an Allied Health noncredit course, they will be given a full refund, minus registration fees, up until the second scheduled course. Students will have until the end of business day on the Monday following the second scheduled course to request a refund. Any materials included in the cost of the class must be returned upon deregistration or no refund will be issued. No refunds are given for the fees associated with criminal background checks, drug testing, liability insurance, uniforms, and/or health maintenance requirements.

RVCC does not discriminate in its educational programs or activities regardless of race, creed, color, national origin, ancestry, age, sex, marital status, veteran status, religion, affectional or sexual orientation, gender identification and expression, atypical hereditary cellular or blood trait, genetic information, disability or any other characteristic protected under applicable federal, state and local laws. For inquiries regarding Title IX or Section 504, contact Nancy Moore, Vice President for Human Resources & Labor Relations at 908-526-1200 x8345.
