**ADVANCED MANUFACTURING**

Have you ever held a well-made tool? You can instantly feel the weight, the balance, the rightness of a thing designed for a purpose. You too can know the satisfaction of a job well done as an Advanced Manufacturing student at RVCC. In our hands-on certificate program, you’ll master the machine basics, precision, and advanced technical skills you need to become a manufacturing professional in today’s growing market.

Pursue one of these industry specialties:

- Manual Mill Operator
- Engine Lathe Operator
- Manual Machinist

Or combine courses and “stack” your credentials in our step-by-step CNC Production Technician Certification Program. All graduates receive their industry recognized NIMS certification and OSHA10 card. Job placement assistance is available.

ENVIRONMENTAL CONTROL TECHNOLOGY (HVAC/R)

Knowledgeable HVAC/R Technicians are in high demand. Businesses are “going green.” Homeowners want to shrink their heating and cooling bills. The U.S. Department of Labor expects this explosion of cost-effective HVAC systems for homes and businesses to create over 90,000 new HVAC Technician jobs by 2020.

Master the skills and design theory of today’s cutting-edge heating and refrigeration industry and launch your career as an HVAC/R Technician. Someone has to design climate controlled systems, and/or install, repair or maintain thousands of units soon. It might as well be you.

Pursue one of these two HVAC Career Tracks at RVCC:
• 1-year Certificate (31 credits) – Residential Systems ONLY. Prepare for an entry-level technician position.
• 2-year AAS Degree (62 credits) – Residential AND Commercial training. Prepare for any level HVAC position, including matriculation for a B.S. in HVAC Applied Engineering with Pennsylvania College of Technology.

NEW - DIGITAL BLUEPRINT CERTIFICATE PROGRAM (DPCP)
There has been a transformational shift in the marketing industry. An entrepreneur's approach in connecting with both new and existing customers/clients does not resemble the standard approaches used only a few years ago. Effective social media and digital campaigns go beyond simple posts and soft skills. They require planning and executing a strategy based on industry knowledge, research, measurable interactions, analytics and adjustments throughout the process. The Digital Blueprint Certificate gives entrepreneurs and small business owners the opportunity to gain skills in digital technologies, including social media and website development.
and optimization techniques. By creating a “Digital Blueprint,” you walk away with a strategic plan to attract and retain customers and/or clients, drive online traffic, increase revenues, and manage your brand. Take one class or all classes to increase your awareness of this new marketing age. A certificate of completion will be awarded to students who successfully complete the 8 session - 24 hour program.
