FINE & PERFORMING ARTS   YACE YA

Acting for the Camera   Ages 8-15

This camp is designed by local casting director, Kathy Wickline, CSA (www.wicklinecasting.com) who holds over 10,000 casting credits in film, commercials and TV. It is perfect for the aspiring young 'actors' in your household. It is here they will learn real auditioning skills by working with scripts for commercials and film readings. Your child will learn how to personalize characters and follow direction, block for camera and read with their 'co-stars'. Voice over will also be introduced. Improvisation and ad-libbing (off the script) will be taught as a basis of making acting choices and trusting their instincts. A huge benefit of this camp is increasing memory, reading skills and confidence. Included in this camp is a take-home tutorial showing you ways to find acting jobs as well as a list of legitimate talent agencies. After camp, all footage is sent to a professional editor. Parents have the option to order for purchase a professionally edited USB as a keepsake.

Music Video Camp   Ages 6-12

Do you have an energetic performer in your household? Perhaps an aspiring choreographer or a video camera enthusiast? This program brings together a fun team that will work in unison performing with exciting 'music videos.' In this camp your child will immerse themselves in music interpretation, creating a storyline, developing movement and/or dance routines for their favorite music videos.

First, campers start their project with writing the 'storyline' of that day's music video. Next, they decide on the 'set' (cool locations at the college). Finally, they are ready for choreographing and rehearsing the music video. Several music videos will be created over the course of the week. For camera enthusiasts, they will be planning, setting up/blocking and capturing many cool shots. Camper can take turns in front or behind the camera. This fun cast and crew team will promise a fun-packed day while learning new skills in team building, management and artistic creation. After camp, all footage is sent to a professional editor. Parents have the option to order for purchase a professionally edited USB as a keepsake.
CRN 31410   YP607   5 sessions

Fashion Entrepreneurship   Ages 6-12

In this camp students will learn what entrepreneurship is and begin to structure their own business. A simple business plan and financial plan will be developed. Students will decide on a product to produce, learn how to produce it, price it and market it for a Friday afternoon sale! This is the perfect camp for any young person who has a creative entrepreneurial spirit. All materials are included and sewing machines are provided for use. BY the end of this camp students will have begun to understand the various aspects of becoming an entrepreneur.

Lego WeDo Robotics   Ages 6-10

Students will build Lego ® models featuring working motors and sensors, program their models on laptop computers, and participate in new unique WeDo challenges. Students will develop their skills in Science, Technology, Engineering, and Mathematics. Students will use simple drag and drop software and a lap top computer to actually learn how to program robots made from Legos ®. This program makes elementary science come to life through hands-on tasks, real-world projects, and relevant technology that engages students. This year will feature some of the more unique projects offered the First Lego League as an added bonus! All students will take home a nonmotorized Lego Technic model. Please bring a **peanut free** snack and a drink.

Intro to TV Hosting and Anchoring   Ages 7-12

This special program is designed to introduce young professionals to the world of TV Hosting and Anchoring. Students have the chance to focus on their area of interest in the news and entertainment world. They would research projects under the guidance of staff, write their reports and deliver on-camera performances on exciting topics such as Science, History and Current Events. Behind the scenes education is also taught in operating camera and directing. Teams are developed and students will work together as hosts, reporters, camera operators and directors by delivering under 'deadlines', just like the pros.

Special projects include, Anchoring the News, Talk Shows, Sports Announcing, Weather, Consumer Reports, Medical Reports, Field and Traffic Reporting and TV Hosting in Music, Entertainment, Cooking, Decorating and Home Shopping formats. A huge benefit of this camp is how to conduct proper research, sharpening reading and writing skills, increasing memory, and confidence-building. This program was designed by casting director, Kathy Wickline, CSA who holds over 10,000 casting credits in film, commercials and TV. After camp, all footage is sent to a professional editor. Parents have the option to order for purchase a professionally edited USB as a keepsake

Basketball Camp

Ages 6-18

Shoot like Curry, dribble like Kyrie and play defense like Kawhi. In this fun-filled basketball camp you will receive the tools to play like the pros. This program is for everyone from the novice athlete to the aspiring pros. We will start each day with a skill of the day and progress in to drills and games making this an unforgettable camp for your athlete. After this experience your child will gain confidence in their handling, dribbling, passing, shooting, and defensive skills while making new friends and having fun.
Instructor: R Elite Sports
