2. Chairman’s Report
Chairman Robert Wise reported that nearly 500 individuals attended the College’s 50th Anniversary Golden Harvest Gala held on October 25, 2018. The Chairman remarked that RVCC shone brightly as our students presented the four distinguished honorees, and one student spoke of the impact RVCC has had on her life. It was reported that the College grossed more than $410,000 and while expenses are still being tallied, it appears that we will net at least $315,000 or more. The Chairman then shared with the Board proclamations from the State of New Jersey and General Assembly (Joint Legislative Resolution by Senator Bateman and Assemblymen Zwicker and Freiman) and also from the Hunterdon County Board of Chosen Freeholders to recognize, congratulate Raritan Valley Community College on its 50th Anniversary Celebration.
The Chairman reported that the Board had an excellent educational retreat on campus safety earlier in the day, which will be reported on in more detail under the Governance Committee report. Trustee Juan Torres distributed an invitation to the full Board to the Hunterdon County School Safety Summit, scheduled for November 28, 2018.

President’s Report
President McDonough highlighted the impressive work from RVCC students in our Authentic Engineering Program, in which several students tackled a production problem at LabCorp that was causing significant production delays and creating a potentially harmful situation for employees. The President reported that our students were asked to develop a label remover prototype to automate a manual process, improve productivity, reduce the risk of injury, and accelerate production times. The RVCC design proved successful and three students – Brian Nunez, Christian Vargas, and Nick LaRosa – were all hired as summer interns to enhance the prototype. The President remarked that our students continue to exceed even our highest expectations.

President McDonough further remarked that the Golden Harvest Gala was a stunning success and expressed his gratitude to all the individuals who worked so hard over the past year to guarantee its success.

The President’s full written report, which highlights several achievements, is provided below.

Service Learning Program Students Honored with Resolution
State Assemblymen Zwicker and Freiman, New Jersey Assembly 16 Legislative District, honored the following students with a Resolution for their outstanding service to the community after the students accepted the 2018 Governor’s Jefferson Award on behalf of the Service Learning Program.

*Environmental Science student and 2018 Newman Civic Fellow, Amber Lindsey, for leading a “Little Scientist Night” program in which hundreds of local elementary school students visited the campus for a fun-filled night of science; securing a student enrichment grant to fund a study abroad program in Brazil for RVCC students focusing on environmental science; and organizing a public event, “From PennEast to Standing Rock: Impacts of Oil and Natural Gas Pipelines on Our Lives,” which brought to campus speakers and environmental leaders from a wide variety of conservation and community groups in New Jersey, including the Sierra Club, NJ Conservation Foundation, Pinelands Preservation Alliance, and Rethink Energy NJ.

*Trends in Nursing students and 2018 Alumni, Janet Adeleke and Sindy Serrano-Maradiga, for delivering the topics of healthy food choices, growth and development, holistic health care delivery, disease prevention, recovery from illness and promotion of wellness to the Martin Luther King Youth Center children and youth.

*Trends in Nursing students and 2018 Alumni, Aaron Habrack, Lesley Garro and Eshley Pinto for developing and managing the new RVCC Food Pantry website, creating T-shirt designs, button and flyer temples for food drives and events planned for the current and future semesters.

New Grant Projects to Engage Students in the Mid-term Elections
Raritan Valley Community College has received a $1,850 mini-grant to participate in Engage the Elections: 2018, a project that aims to advance non-partisan electoral engagement on community college campuses. The project is part of Campus Compact’s The Democracy Commitment Initiative. RVCC is one of only 14 community colleges in the country—and the only New Jersey college—to be awarded the mini-grant. Engage the Election: 2018 is a direct response by Campus Compact, through its newly acquired initiative, The Democracy Commitment (TDC), to engage community college students in the 2018 midterm elections. Its goal is to create wide-reaching electoral engagement opportunities for community college students, many of whom are first-generation, low-income and students of color.

The 14 community college mini-grant recipients will serve as case studies for the project, ultimately producing resources that will be useful to a broader network of campuses. In addition, the Engage the
Election: 2018 project will include a variety of other tools that will be available to all 1,000+ Campus Compact member institutions, including a webinar series and a National Voter Registration Day event.

The TDC Engage the Elections 2018 project at RVCC is being coordinated as a collaborative effort with Service Learning, Student Life and the Student Government Association. To date, the project has developed and offered workshops and panel discussions on how voter engagement can be incorporated into service learning courses and co-curricular activities as well as facilitating voter registration drives to get students registered and out to vote through various campus activities. Additionally, the College has received a $1,000 gift from #Vote Together to celebrate the voter engagement work that has taken place on campus and to encourage a lifetime habit of voting.

RVCC's scope 1 & 2 greenhouse gas emissions decreased 5% between FY17 and FY18. The decrease was due to reduced electricity usage. Electricity usage decreased due to lighting upgrades (particularly in the parking lots) and reduced demand for cooling (11% fewer "cooling degree days" in FY18 compared to FY17). Note that the decrease occurred despite the addition of the Workforce building, which reflects how energy efficient this building is.

In FY17, we had 1875 tons of scope 1 (natural gas, gasoline, and oil) and 5321 tons of scope 2 (purchased electricity), for a total of 7196 tons of CO2 emissions. For FY18, we had 1882 tons of scope 1 and 4998 tons of scope 2, for a total of 6880 tons. (Note that the FY17 scope 2 number is a revision, as the greenhouse gas calculator formula changed.)

Congratulations to Charlie Bondhus on the publication of his new book of poetry Divining Bones (Sundress Publications). As one reviewer noted so eloquently, “magic spells and paranormal experiences abound among beautifully written lines by a poet we will want to share and know.”

Very proud of our Phi Theta Kappa officers for dedicating their College Project to providing educational opportunities and support for RVCC’s incarcerated students. Their goal is to raise the funds for inducting over 120 eligible incarcerated students into Phi Theta Kappa.

In a recent article, The Courier News highlighted three RVCC alumni, a story that documents the impact of our fifty-year history. Daniel Puntillo, Della Wallace, and Nik Nikitovic remind us about how transformative RVCC is for students. Their biographies are inspiring and are important examples of the unlimited power of this College to change lives.

Congratulations to Amie Gallagher and the RVCC Planetarium for receiving a NJ Space Grant Consortium award. The award allows RVCC to purchase and screen First and Farthest, a film documenting America’s early space program.

Let’s applaud and, more importantly, support the efforts of our Director of Theatre Alan Liddell. On Friday, October 12th at 1:00 pm and then again at 7:00 pm, the theatre will present Beyond Sacred: Voices of Muslim Identity, a portrait of five young Muslim New Yorkers who find themselves caught in a time of increasing Islamophobia. The negative responses on social media about the production only confirm the play’s relevance and this College’s unshakeable commitment to respond to bigotry and hate. RVCC will resist any effort that threatens the richness and the joy of our diverse campus community. Thanks to Alan, we can attend the afternoon performance free of charge or the evening performance for only $5 (with our IDs – more on IDs in a later weekly message). Please stand up for our colleague and for our neighbors.

Professor Shutack’s “Women Who Rock & Write: Female Singers Then & Now” annual series was held on October 8th in the Nash Theatre. Professor Shutack’s series, focusing on the rich connections between music and history, has offered exemplary rock ‘n’ roll insights into our shared musical legacy.

C. Labor Relations Committee
Chairman Robert Wise reported that the Committee had its preliminary meeting with the College’s Labor Relations counsel as we gear up for a new cycle of negotiations.

D. Audit Committee
Trustee Margaret Windrem reported that the Committee had its preliminary meeting with the College’s auditors. The Committee will thoroughly review the draft Annual Audit Report with the auditors at their November 27, 2018 meeting. The full Board of Trustees will also have adequate opportunity to review the full report prior to considering its approval at the December 4th Board of Trustees meeting. It was noted that the official final Audit Report would be delayed until the State of New Jersey generates information concerning the new implementation of GASB Statement No. 75 (post-retirement benefits other than pensions.)

E. Governance Committee
Trustee Paul Hirsch reported that the Committee covered many topics during their meeting, as follows:

Nominating Subcommittee
The Nominating Subcommittee members (Trustees Paul Hirsch, Andrew McNally, Donna Simon, and Juan Torres) met to review the current list of officers and reported that the following slate of officers were unanimously recommended and would be voted on by the full Board of Trustees at the Annual Reorganization meeting scheduled for Tuesday, December 4, 2018.

The recommended slate of officers for 2019 are as follows:
An email asking for officer nominations was sent to the full Board of Trustees and the floor will be open for nominations at the time of the Reorganization meeting as well.

Board Self-Evaluation
The Committee reviewed the Survey Monkey results on the Board’s Annual self-evaluation. The Committee agreed that the Board’s self assessment, which provides an excellent framework for a collaborative governance, has been a valuable tool in improving internal processes – for instance, all Committee agendas provide members with an opportunity to have major decision-making discussions such as with the budget process, strategic planning, and the mission statement as it is being developed. To further enhance discussions with the full Board, Educational Retreats on campus safety and student housing have also been scheduled. A subsequent Educational Retreat on Board Governance would also be beneficial and will be scheduled in the near future.

The full Board of Trustees will meet in Executive Session to review the results.

Committee members expressed their appreciation to Trustee Margaret Windrem for once again overseeing the process.

Campus Safety Update
The Board of Trustees had an excellent presentation and an at length discussion on campus safety at a Board Educational Retreat held earlier in the day. The Board received updates on communications, security cameras, door locking, auto decals, mandatory identification cards, campus public safety officers, and mental health and behavior. It was agreed that the next step would be to arrange a meeting with the Prosecutors of both counties along with the Chairman and the President (and other key individuals deemed essential) to discuss in more detail the College’s comprehensive campus safety plan and to receive their professional assessment.

As required by the State of New Jersey, the Committee also reviewed the Campus Safety Report for the periods September 19 through October 14, 2018.

Trustee Paul Hirsch then presented Resolution #169-2018 (Board of Trustees College-Issued Identification Cards) which was unanimously recommended for approval by the Committee to the full Board of Trustees.

Resolution #169-2018 Board of Trustees College-Issued Identification Cards
Raritan Valley Community College is committed to the safety and security of all its students, faculty, administrators, staff, and visitors to its campus; and

WHEREAS, to facilitate accountability, RVCC has begun to implement a College-issued photo identification system for all its employees and students; and

WHEREAS, an ID system will identify the students currently enrolled and further provide certain privileges to services; and

WHEREAS, an identification system will also enable employees to identify colleagues, enhancing safety and security and will further enhance branding and professionalism; and
WHEREAS, the Board of Trustees of Raritan Valley Community College considers student and employee identification cards as an important component in the campus security system;

NOW, THEREFORE, BE IT RESOLVED, that the members of the Board of Trustees will also obtain and carry a College-issued photo identification card to further promote security, safety, and confidence by ensuring all individuals are identifiable when on College campus.

The Resolution was moved by Trustee Hirsch, seconded by Trustee Bateman, and approved unanimously by voice vote.

It was noted that Board photos for the identification cards will be done at the next scheduled Board meeting (details to follow.)

President’s Goals 2018-2019 Academic Year

The Committee reviewed and unanimously recommends for approval to the full Board of Trustees the President’s Goals for the 2018-2019 academic year. It was reported that the mutually agreed upon goals, which adopts the strategic plan as a framework, will take longer than one year to accomplish and will require revision and format changes from time-to-time, but that the goals will remain constant. It was noted that the goals will also be a beneficial standard for the President’s Annual Evaluation.

Trustee Hirsch then presented the following Resolution:

Resolution #170-2018 President Goals for 2018-2019 Academic Year

WHEREAS, in order to foster a long-term perspective in the decision-making and to ensure long-term achievement of goals, the President and Board of Trustees mutually agree on the President’s goals for each academic year; and

WHEREAS, it is the President’s intent to adopt the strategic plan as a framework for his goals, anticipating that many of these goals will take longer than one year to accomplish and that some will require continual revision; and

WHEREAS, the members of Board of Trustees have reviewed the President’s Goals for the 2018-2019 Academic Year;

NOW, THEREFORE, BE IT RESOLVED, that Raritan Valley Community College Board of Trustees approve the President’s 2018-2019 Goals, which are specific, measurable, and attainable and correlate to the College’s strategic plan and signature values.

The Resolution was moved by Trustee Hirsch, seconded by Trustee DiFrancesco, and approved unanimously by voice vote.
