A MESSAGE FROM COLLEGE PRESIDENT MICHAEL MCDONOUGH

Raritan Valley Community College acknowledges among its prime responsibilities the assurance of providing a safe learning and working environment for the campus community and the thousands of visitors who attend events here each year.

I am pleased to present the 2018 RVCC Department of Campus Safety Annual Security Report. With this report, it is our intent to communicate not only mandatory information required by the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (1990 Clery Act) but also to describe the many ways in which we strive to keep this community safe on a daily basis.

The College’s emphasis on preventing sexual violence on campus and supporting victims of such assault are further strengthened by compliance requirements mandated by federal legislation – the 2013 extension of the 1994 Violence Against Women Act (VAWA) and the 2013 Campus Sexual Violence Elimination Act (Campus SaVE Act). The College, as required by New Jersey law, reports campus incidents to the Board of Trustees at its regularly scheduled meetings. This assures that campus safety is an important priority for our governing body.

Additional safety efforts include high-visibility patrolling, prompt responses to and investigations of campus incidents, furnishing guard services at all campus events, maintaining a confidential tips line, monitoring surveillance cameras, and maintaining close working relationships with local law enforcement and other responding agencies.

We welcome and value your input and ask for your continued support.
About Raritan Valley Community College

Raritan Valley Community College is a comprehensive community college that offers more than 90 associate degrees and certificates. It was first established as “Somerset County College” on April 5, 1966 when a nine-member Board of Trustees was appointed. Classes began for the first 229 students in September 1968 at the College’s temporary home: Green Brook High School. When a 240-acre site in Branchburg was purchased in July 1968, the College had found its permanent home. In July 1987 Somerset County College was renamed Raritan Valley Community College, joining with Hunterdon County to form the state’s first bi-county college.

RVCC’s student population is approximately 7,700, which includes about 3,200 full-time students. Financial support from Hunterdon and Somerset counties, and from the State, enables the College to offer the highest quality education at a relatively low cost.

The College’s distinguished faculty hold advanced degrees and have broad experience in their fields. Students have easy access to these excellent facilities: Christie Todd Whitman Science Center, Ray Bateman Center for Student Life and Leadership, Workforce Training Center, Physical Education Building (including pool, gym and fitness center), Planetarium, Theater, Child Care Center and Academic Buildings – West, Somerset, Hunterdon, College Center and Arts.

Approximately 1,400 courses are offered each semester in day, evening and weekend sessions, and online. Programs of study include career programs that are designed to prepare students for entry-level positions and transfer programs that prepare students for transfer to baccalaureate programs. Comprehensive student support services, including tutoring, counseling, transfer and career advisement, are available to all students.

The Service Learning Program at RVCC has become a national model of student, faculty, and community partner involvement and has received many awards for its leadership in advancing service learning to improve the quality of life for communities. Since 1998, the program has received honors annually. National awards include recognition from the Corporation for National and Community Service naming RVCC to the President’s Community Service Honor Roll with Distinction from 2006-2015, and the 2008 Carnegie Community Engagement Classification and 2015 Re-Classification for the Advancement of Teaching from the Carnegie Foundation.

RVCC offers a wide variety of non-credit professional development courses as well as customized training for business and industry.

The Theatre at Raritan Valley Community College offers the best in dance, music, theatre, and children’s programming. The RVCC Planetarium offers public star shows and laser concerts, as well as programs for school, camp and community groups, and professional development for educators.

The College is nationally recognized for its sustainability and was one of only 11 Colleges and universities in the nation to be honored in April 2016 with the U.S. Department of Education Green Ribbon Schools Postsecondary Sustainability Award. In 2009, RVCC was the first community College in the nation to sign an environmental stewardship agreement with the United States Environmental Protection Agency.

Safety Tips for On and Off Campus

Raritan Valley Community College’s Department of Campus Safety is dedicated to keeping all those who utilize our facilities safe and secure, but campus safety is also a group effort.

Main Campus Safety Tips

- Always be aware that you are a potential victim of crime. Stay alert and attuned to people and circumstances around you.
- Do not leave your property (backpacks, textbooks, jackets, keys, etc.) unattended or attach personal ID information to your car keys. Theft is the number one crime on all College campuses.
- Know the locations of Emergency Phones and Call Boxes on campus.
- Pre-program emergency numbers into your cell phone.
  
  **Department of Campus Safety – 908–231–8800**
  **Branchburg Police – 908–526–3830 (for main campus)**
  **Bridgewater Police – 908–722–4111 (former RVCC @ Bridgewater campus)**
  **In Case of Emergency Dial 911**

- Register for Blackboard Connect Ed to guarantee you will be informed of important emergency alerts and information.
- If you see or hear something suspicious, contact the Campus Safety Department.
  
  **“If you see something, say something”**
- Report lights that are out and any hazards immediately to the Department of Campus Safety, **908–231–8800**.
- Have your keys ready in your hand when walking to your car.
- When parking on campus do not leave valuables out in the open, lock them in a glovebox or trunk of the vehicle.
- There is safety in numbers. Travel in groups both on campus and off.
- Do not hitchhike or get into a stranger’s vehicle. Use public transit or ride with a friend, and notify the appropriate authorities if someone appears to need assistance.
- Do not let technology (cellular phone, tablet, MP3 player, etc.) make you unaware of your surroundings. Pay attention to where you are.
- Avoid isolation. After dark, walk with others. Use well-lighted paths.
- If you are concerned about your safety while moving about the campus, you may request a security escort by calling **908–231–8800**.
Preparing the Annual Security Report

Pursuant to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, the Raritan Valley Community College Department of Campus Safety is responsible for preparing and distributing an annual campus security report. Colleges and Universities are required to publish an Annual Security Report every year, which must contain three years of campus crime statistics along with specific campus security policy statements.

The Campus Safety Department works with the Office of the Dean of Student Services, the Human Resources Department and Campus Security Authorities, as well as local law enforcement agencies to compile statistics for the annual report.

The Annual Security Report is available for the Branchburg Campus, as well as off-site locations on RVCC’s website at www.raritanval.edu/annualsecurityreport. Paper copies are available at the Campus Safety Office and the Welcome Center at the main Branchburg campus. The Campus Safety Office can be contacted at 908–231–8800 or by emailing security@raritanval.edu.

The Clery Act

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, known as the Clery Act, is the landmark federal law that requires Colleges and Universities to disclose information about crime on and around their campuses. Since 1990, numerous amendments were added as provisions to protect crime victims. The law applies to all institutions of higher education, both public and private, and is enforced by the U.S. Department of Education.

This act requires Raritan Valley Community College to provide students and employees with information about its security policies and procedures, and disclose specific statistics for certain crimes, arrests and disciplinary referrals, which must be made available to prospective students and employees. This information is available directly at www.raritanval.edu/annualsecurityreport, on the College security webpage http://www.raritanval.edu/security under the Campus Crime Statistics Tab. Paper copies are available at the Department of Campus Safety Office, Welcome Center, Human Resources, Workforce Training Center, Admissions, Bateman Student Center, and upon verbal or written request.

Specific requirements of the law are:

- Publish an annual report every year by October 1 that contains three years of campus crime, fire safety statistics and specific campus security policy statements;
- Disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus, at non-campus facilities and remote classrooms. Statistics must be obtained from the Department of Campus Safety, local law
enforcement, and other College officials who have “significant responsibility for student and campus activities”.

- Provide “timely warning” notices of crimes that have occurred and pose an ongoing threat to students and employees.
- Implement “emergency notification” procedures if there is an immediate threat to the health or safety of students or employees on campus.
- Disclose in a public crime log any crime that occurred on campus within the patrol jurisdiction of the campus police or safety department that is reported to the campus police or Campus Safety Department.
- For Colleges and universities that have on-campus student housing facilities, maintain in a public Fire Log a record of any fire that occurred in any on-campus student housing facility.

The Department of Campus Safety strives to provide professional service to ensure the safety of our College community. In doing so, the requirements of the Clery Act are addressed in our security program that provides for:

- Issuing Timely Warning Notices, Campus Safety Alerts and Crime Alerts.
- Send emergency text messages during significant emergency events.
- Maintain a Daily Crime Log listing crimes occurring on or near the campus.
- Coordinating the Emergency Preparedness program.

The Department of Campus Safety

Raritan Valley Community College devotes significant resources to provide a safe campus for our students, faculty, staff and visitors. The Department of Campus Safety provides a variety of safety, emergency and informational services to ensure a safe and secure learning environment for all members of the campus community. The Campus Safety office is located on the lower level of Somerset Hall and is staffed 24 hours per day. The department maintains professional working relationships with all law enforcement, fire and emergency medical services that respond to the campus.

The Campus Safety Department is staffed by 28 Campus Security Officers and supervisors who are trained in security and safety procedures. All Campus Security Officers are certified in accordance with the New Jersey Campus Security Officers Registration Act (SORA), which requires training in use of force, report writing and observing suspicious behavior. Campus Security Officers are not sworn, do not have police arrest powers and do not carry firearms. The Campus Safety Department has authority to enforce College policies and ask for identification to determine lawful business or presence on campus property. The jurisdiction of campus security staff is limited to the main campus property in Branchburg.

To safeguard the campus, the department coordinates security patrols, provides asset protection and responds to calls for assistance. Campus Security Officers are assigned to both fixed posts and mobile patrols. Security patrols inside and outside campus buildings are conducted on foot, on bicycles and in vehicles.
At the main Branchburg campus, Campus Security Officers provide coverage 24 hours per day, seven days a week. The College Welcome Center is staffed by a Security Officer 6:00 AM – 8:00 PM, Monday through Friday.

The Campus Safety office can be reached by telephone at 908-231-8800 (direct line) or by calling the College at 908-526-1200, and dialing 8800, or following voice prompts to Security.

Red colored emergency telephones are located throughout building hallways of the Branchburg campus and provide a direct link to the Campus Safety Office.

Blue light Emergency Call Boxes are located in exterior parking lots of the Branchburg Campus.

Emergency phones and call boxes can be used to report suspicious activity, fires, medical emergencies, crimes or to request a safety escort.

Surveillance cameras are strategically located campus wide providing video surveillance of interior buildings and exterior parking lots. Cameras are monitored from the Campus Safety office. Video is recorded, and generally stored for a 30 day period.

Visitors and members of the campus community should immediately report emergencies, crimes or suspicious activity to the Campus Safety Department by calling 908-231-8800 from an outside telephone, cell phone, using a red campus emergency telephone or emergency call box. If an emergency requires the assistance of an outside public safety agency, Campus Safety will contact the appropriate organization as warranted by the situation.

**Campus Policing**

**Branchburg Police Department**

Law enforcement services are provided by the Branchburg Police Department, which responds to crimes, fires, medical and other emergencies on campus. Branchburg Police are the primary law enforcement authority for the College and have the power to arrest. They help maintain a safer environment through mobile patrols on and around campus grounds. They respond to and investigate criminal offenses reported on and nearby the main campus, and provide supplemental security at College and special events. If mutual aid is required, they are supported by law enforcement services from communities contiguous to the College: Bedminster, Bridgewater, Readington, Somerset County Sheriff’s Department, and New Jersey State Police.

The College does not have a written Memorandum of Understanding with the Branchburg Police or any other law enforcement agency that may assist the Branchburg Police regarding the investigation of alleged criminal offenses.
Interagency Cooperation – Working Relationships

The Campus Safety Department enjoys the support and cooperation of numerous government law enforcement agencies and private organizations dedicated to security. It maintains close working relationships with the Branchburg Police, the Somerset County Prosecutors Office, Somerset County Sheriff’s Office and other local and State law enforcement and emergency service agencies. Relevant information to prevent criminal activity on or near the campus is shared with the Branchburg Police and other agencies as needed.

Criminal incidents are referred to the Branchburg Police and if required to the Somerset County Prosecutors Office. Campus Safety communicates with and provides assistance to police with incidents occurring on the College campus. Campus Safety assists with criminal investigations, utilizes College resources, provides crime and investigative reports, shares crime prevention strategies and exchanges relevant information with law enforcement agencies, as necessary.

The Department also works with agencies having police jurisdiction in communities where Raritan Valley Community College classes are held at off-campus locations. These agencies are the Bound Brook, Bridgewater, Hillsborough, Raritan Township, Readington Township, and Phillipsburg Police, the Somerset County Sheriff’s Department and the Somerset County Prosecutor’s Office.

Interagency Radio Communication

The Campus Safety Department operations center has radio communication links with the Branchburg Police, the North Branch Fire Department and Branchburg Emergency Medical Services. The North Branch Fire Department is located on College property near the main entrance to the campus.

Branchburg Police have direct radio capability with the Somerset County Regional 911 Communications Center, which in turn has radio capabilities with all Somerset County law enforcement, fire and emergency medical services, and the Hunterdon County Communications Center. The Campus Safety office also has a direct radio communication link with the Somerset County Communications Center, reducing time delay when reporting important information during emergencies.

Investigations

The Campus Safety Department conducts follow-up investigations of all reported crimes on campus. This includes confidential (the reporting parties names are known but not released) and anonymous (the reporting parties names are not known) reports. Campus Security will also assist with police investigations, and provide assistance and resources as necessary. Campus video assets and any other resources are shared with law enforcement investigators.
Reporting Criminal Incidents

For the purpose of making timely warning reports and the annual statistical disclosure, students, employees and guests are encouraged to report all criminal incidents, suspicious behavior, accidents and other emergencies occurring on campus, accurately and promptly to the Campus Safety Department and other appropriate police agencies.

Criminal offenses can be reported in a number of ways. The most direct manner is in-person at the Campus Safety Office, located on the lower level of Somerset Hall room S-010. The office is staffed 24 hours per day, 7 days a week. Crimes can also be reported directly to any Security Officer, any member of the RVCC faculty or staff, or the Security Officer stationed at the Welcome Center, located on the lower level of Somerset Hall, which is staffed 6:00 AM – 8:00 PM, Monday through Friday.

Criminal acts can also be reported by telephone, emergency callboxes and email. The Campus Safety Office can be reached by phone at 908-231-8800 or by picking up any red colored emergency phone located in campus buildings, or emergency callboxes located in exterior parking areas. Campus Safety can be reached by email at security@raritanval.edu.

A confidential report can be made by using the Confidential TIPS line by dialing 908-231-8806.

If reporting an emergency or crime directly to the Branchburg Police Department, dial 911 for emergencies, or 908-526-3830 or 908-526-2500 for non-emergencies. If you make a report to local law enforcement you are encouraged to also report the incident to the College Campus Safety Department.

Campus Security Officers respond to on-campus locations to take reports and are available to take reports at the Campus Safety Office. The Campus Safety Office is staffed 24 hours, 7 days a week. All criminal offenses and other incidents are thoroughly investigated. Serious crimes are always reported to the Branchburg Police. Campus Safety encourages victims of crimes to file a report with local police and will assist with notifications to law enforcement, if necessary.

If a sexual assault is reported, Counseling and Campus Safety staff will offer a variety of support services to the victim. On and off-campus resources are available 24 hours per day.

Incident reports involving student behavior are forwarded to the Office of the Dean of Student Services for review and potential judicial/disciplinary action. Supplemental information developed during an investigation relevant to the judicial process is also forwarded to the Assistant Dean of Student Services.

To report incidents at off site locations, law enforcement services can be contacted at the following:

For the former RVCC @ Bridgewater campus contact the Bridgewater Police Department at 908-722-4111.
At the Bound Brook High School, contact the Bound Brook Police at 732–356–0800.

At Hunterdon Central High School and the Hunterdon County Polytech Academy, contact the Raritan Township Police at 908–782–8889.

At the Somerset County Emergency Services Training Academy, contact the Hillsborough Police at 908-369-4323.

At the First Energy building, contact the Phillipsburg Police at 908-454-1121.

**Reporting Hate or Bias Graffiti**

RVCC supports and fosters a safe and healthy learning environment for the campus community that builds and values diversity. Hate or bias incidents or crimes should be immediately reported to the Department of Campus Safety. These types of incidents will be investigated in a timely manner. Anyone who discovers any hateful or offensive graffiti should immediately contact the Department of Campus Safety at 908 – 231 – 8800.

Once graffiti is discovered Housekeeping will not remove it until the Campus Safety Department has recorded the graffiti and conducts an appropriate investigation. Campus Safety will direct its removal.

**Confidential Reporting – Anonymous Caller Procedure**

If you are the victim of a crime, or witness a crime and do not want to pursue action within the College or the criminal justice system, you can consider making a voluntary, confidential report. With your approval, the Campus Safety Department can report the details of the incident without revealing your identity in the public crime log or on a Campus Safety Incident Report. The report will reflect your wish to keep the matter confidential, while taking action to ensure your safety and the safety of others. Although kept confidential, the reported crime will be investigated.

This information helps the Campus Safety Department keep an accurate record of the number of incidents involving students, employees and visitors to determine where there may be a pattern of crime relating to a specific location, method or assailant. This allows for timely alerting of the campus community to potential danger.

Confidential reports are counted and disclosed in the annual crime statistics for the College.

**Requesting a Security Escort**

Security escorts are available to students, faculty, staff and visitors who are on campus and are concerned about their safety. A request can be made by calling the Department of Campus Safety at 908-231-8800 or extension 8800, at the Campus Safety Office located on the ground floor level of Somerset Hall room S-010, speaking with any Campus Security Officer or by using an emergency red phone located in campus building hallways or exterior emergency callbox.
Confidential TIPS Hotline

A confidential TIPS Hotline is available to share information about criminal, dangerous or potentially dangerous activity on campus. Campus Safety encourages the College community to report all crimes, threatening behavior, bullying, intimidation, bias, hate related activity, stalking, illegal drugs or alcohol, weapons possession or threats to use a weapon on campus, or any information suggesting a planned act of violence.

You can access the TIPS line by dialing 908-231-8806. The TIPS telephone line is monitored by the Campus Safety Department. The hotline is confidential and information can be reported anonymously.

Monitoring and Reporting Crimes at Off-Campus Locations

Raritan Valley Community College cooperates with local law enforcement agencies to monitor and record off-campus crimes and other serious incidents involving RVCC students. Crimes that occur at off-campus locations are investigated by the appropriate law enforcement agency and are included in annual crime statistics.

Incidents involving student misconduct are handled by the Office of the Dean of Student Services for disciplinary action. The Code of Conduct may apply to any student related incident that occurs on College premises, at College sponsored activities, and to off-campus conduct that adversely affects the College community or the pursuit of its objectives. This includes but is not limited to, any off-campus conduct that constitutes a violation of any law or municipal ordinance or poses a threat to the health, safety or welfare of any members of the College community. On a case-by-case basis, the Assistant Dean of Student Services will decide whether the code of conduct should be applied to off-campus conduct.

Reporting a Missing Person

Members of the College community are encouraged to report a missing student or visitor to the Campus Safety Department to determine the safety and welfare of the missing person. Teenagers and small children routinely attend planetarium, theatre and conference events hosted by the College. Campus Safety will take immediate reports on all persons reported to be missing and to immediately begin efforts to locate the person.

Anyone seeking to report a missing person can direct their information to any Campus Security Officer, RVCC faculty or staff member. Faculty and staff members are responsible for forwarding the information to the Department of Campus Safety, and should escort the reporting person to the Campus Safety office located on the lower level of Somerset Hall room S-010.

Campus Safety will immediately compile facts relevant to the report of the missing person and initiate an investigation. If circumstances indicate a police inquiry is warranted, the Branchburg Police will immediately be notified. Campus Safety will support the police investigation by providing whatever facts are available, including video recordings, photos, schedules, emergency contact information and any other information relevant to the search.
for the missing person. Information regarding the report of the missing person will be documented in a Campus Safety incident report. All student contact information which is registered with the College is kept confidential and will be accessible only to authorized campus officials and law enforcement and may not be disclosed outside of a missing person investigation.

If a missing student is under the age of 18 and is not emancipated, the Department of Campus Safety after notifying the student’s emergency contact, will make notifications to the student’s custodial parent or legal guardian (if available) within 24 hours after Campus Safety has determined the student has been missing. The Department of Campus Safety will within 24 hours, notify the local law enforcement agency that has jurisdiction in the location where the student is missing, regardless of whether the student has identified an emergency contact, is above the age of 18, or is an emancipated minor.

Campus Safety will make internal notifications regarding the missing person to the following: The College President, Executive Director of Human Resources & Labor Relations, Provost & Vice President of Academic Affairs and the Vice President for Student Affairs and Outreach. In the event of a missing child, parents or a legal guardian will be notified immediately.

**Campus Security Authorities**

Individuals who are considered “Campus Security Authorities” pursuant to the Clery Act are aware of their duty to report all crimes to the Department of Campus Safety, or local police for inclusion in the annual disclosure of crime statistics. The College has trained individuals who are deemed Campus Security Authorities of their duty to report all Clery Act crimes to the Department of Campus Safety.

A campus security authority is not responsible for determining whether a crime occurred, since that is the function of law enforcement and the investigatory process. Campus Security Authorities are required to report all allegations of a crime, even if the Campus Security Authority was told of the crime in the context of providing emotional or health care support. Allegations of a crime must be reported whether or not the victim chooses to file a report or press charges. Campus Security Authorities may also provide victims or witnesses with assistance in reporting a crime to Campus Safety or local police, or to any official or office which should be informed of the crime or complaint.

Professional Counselors are not considered a “Campus Security Authority”. A Professional Counselor is defined as an employee of an institution whose official responsibilities include providing psychological counseling to members of the institution’s community, and who is functioning within the scope of his or her license or certification. Professional Counselors working within RVCC’s Advising and Counseling Department are not obligated to report crimes for inclusion in campus crime statistics.
When appropriate, College Counselors and Pastoral Counselors are encouraged to inform a person they are counseling of the procedure to report crimes on a voluntary, confidential basis so that they can be included in the annual disclosure of crime statistics.

**Daily Crime Log / Crime Reporting Notifications**

Members of the College community are kept informed on a timely basis of crimes and safety events occurring on campus by the availability of the Annual Security Report, daily crime logs and the campus emergency alert system (Blackboard Connect Ed).

The College Annual Security Report is published annually and is available to the College community at the main campus in Branchburg. It is available to any individual or organization requesting a copy, and is also available on-line through the College website, on the campus security page.

A crime log is maintained by the Department of Campus Safety at the main College campus. Criminal acts reported to Campus Safety at the main Branchburg campus are entered into the crime log. The log contains a chronological record of all crimes, fires and other significant safety incidents that are reported. The log is maintained at the Campus Safety office, and is available for viewing, at any time. Generally, three years of reported crimes are readily available in the log.

Information in the crime log typically includes the incident number, nature of the crime or event, date and time reported, date and time occurred, general location, and disposition of each reported crime/event. Identifying information of victims, witnesses and accused is not recorded in the crime log. Confidentiality of a victim is always protected.

The Blackboard Connect Ed emergency alert system utilizes text and voice messaging and email to notify students and employees of emergency events, serious crimes and weather advisories. Students and employees are reminded to keep their personal telephone numbers, email address and text messaging information updated to ensure receipt of emergency messages.

The alert system is used whenever a situation exists which constitutes an imminent threat to members of the campus community. Employees and students are encouraged to register to receive Blackboard Connect Ed emergency alert messages via the Campus Closings tab in Lion’s Den.

**Response to Emergency or Dangerous Events**

**Disseminating Emergency Information**

Raritan Valley Community College is committed to ensure appropriate information is disseminated during emergencies as quickly and accurately as possible. The College Campus Safety Department responds to emergency events on campus, and receives emergency alerts from the Branchburg Police Department, the Bridgewater Police Department, the Somerset County Regional Communications Center, and the Somerset County Office of Emergency
Management regarding incidents in Somerset County that could impact the safety of the main campus in Branchburg, and other off-site locations that host College courses. When necessary, Campus Safety officials will coordinate with College and public safety officials to immediately notify the campus community of threats that could represent a serious or continuing threat to students, employees and visitors.

In the event that a serious crime or continuing threat to students or employees, or the greater College community, either on College property or near the vicinity of the College campus, the College will immediately inform members of the College community. The College will inform the campus community of the threatening situation and identify protective precautions to take. Accurate information about the crime and potential threats is provided in a timely manner via campus wide warning notices. The College will provide timely information that students and other College community members can use to protect themselves from becoming victims. These notices will be in the form of either a **Timely Warning Notice** or **Emergency Notification**.

Timely Warning Notices and Emergency Notifications are sent via the Blackboard Connect Ed emergency notification system, the College email messaging system and the fire alarm mass notification system. After the emergency message is disseminated, it will be posted on the College website. Emergency alerts may also be posted in conspicuous places inside and outside campus buildings, at entrances/exits, student lounges, on the College website and electronic display monitors.

**Crime Alerts and Campus Safety Alerts**

**Timely Warning Notices**

**Issuing Timely Warning Notices**

Issuing a Timely Warning Notice is decided on a case by case basis, based on facts relating to the crime. These include the nature of the crime, the continuing danger to the College community, and the possible risk of compromising law enforcement efforts. Timely Warning Notices will be issued as soon as relevant information is available to enable community members to protect themselves, and to aid in the prevention of similar occurrences. Decisions to issue Timely Warning Notices are made in coordination and consultation between the Director of Campus Safety & Emergency Management, the College President and Executive Director of Human Resources & Labor Relations.

In the event a crime occurs, either on or off campus, which constitutes a serious or continuing threat to students and employees within the College campus, or the area surrounding the campus, or greater College community, a campus-wide Timely Warning Notice will be issued. Criminal events that may necessitate a warning notice include violent crimes, Clery Act reportable crimes and patterns of non-violent property crimes. Taking into account the safety of the College community, the College will, without delay, determine the content of the warning notice and initiate the notification, unless issuing a notification, will in the
professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The warning will be sent as a crime alert, which will contain a brief description of the incident, the date, time, location of the incident, and specific safety precautions to take to protect one-self from becoming a victim. Based on the circumstances of the incident, the type and amount of information, as well as the manner of notification may vary. The names of victims will be kept confidential.

When Campus Security Officers become aware of criminal events that may warrant issuing a warning notice, the on-duty security supervisor will confirm the emergency and immediately contact the Director of Campus Safety. The Director will evaluate the situation to confirm a significant threat exists, then will consult and coordinate with the College President and Executive Director of Human Resources.

If a warning notice is necessary, the Executive Director of Human Resources and/or the Director of Campus Safety will develop the content of the warning notice, and determine the appropriate segment or segments of the campus community to receive the notification. Once the message content is developed and the appropriate campus community is determined, the warning notice will be initiated by the Executive Director of Human Resources, the Director of Campus Safety, or his designee.

In the event of an immediate threat to the campus community that may require a warning notice without delay to ensure life safety, the Director of Campus Safety or his designee has the authority to issue a warning alert without consultation with other College officials.

Anyone with information that may require dissemination of a warning notice should report the information to the Department of Campus Safety immediately, by calling **908-231-8800** or in person to the Campus Safety Office located on the lower level of Somerset Hall, room S-010.

**Emergency Notifications**

Where an emergency situation poses an imminent threat that can threaten the safety of the College community. The College will immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus. The Director of Campus Safety or designee, without delay, will consult with members of the campus Facilities Department to determine the significance of the emergency, the appropriate notification message and segment of the College community to receive the message. The Director of Campus Safety in consultation with the College President, Executive Director of Human Resources and Vice President for Finance & Facilities will determine the content of the Emergency Notification. The Executive Director of Human Resources, the Director of Campus Safety, or his designee will initiate the notification to the appropriate segment or segments of the College community designated to receive the message.
When issuing emergency notifications, the College will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, and other professional authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

Once an initial emergency notification or timely warning is sent to warn the College community of an immediate threat to the health or safety of students and employees, there may be the need to provide follow up information to keep the College community informed.

The type, content and frequency of follow up informational messages will be determined based on assessments of the threat or emergency to the campus. Relevant follow up notification messages will be issued as needed without delay, to either the entire College, or appropriate segment or segments of the campus community. As with initial notifications, follow up information is issued in coordination and consultation between the Department of Campus Safety, College President and Executive Director of Human Resources.

**Disseminating Emergency Information to the Larger Community**

When there is an immediate or ongoing threat to the health or safety of the College community, the larger community such as neighbors and parents can access campus emergency notifications via the College website [http://www.raritanval.edu](http://www.raritanval.edu) and the College Facebook and Twitter pages.

**Blackboard Connect Messaging System**

The primary emergency notification system for the College is the Blackboard Connect Ed messaging system. It is a voice, email and text messaging emergency-alert system that is used as one means of providing time sensitive distribution of emergency alerts and timely warning of important information. It is used to inform the College community about ongoing threats to College safety and events that may significantly impact the campus. It is also used to disseminate information about weather-related emergencies that cause early dismissal or campus closings. Members of the College community are encouraged to register to receive these important messages.

To receive real-time emergency notifications, safety and crime alerts, students, faculty and staff members should register on line for Blackboard Connect Ed. Log on to the College web site [www.raritanval.edu](http://www.raritanval.edu) and access the Campus Closing tab via the Lion’s Den icon. Add or update contact information using the Campus Closing information links.

Messages can be sent to a primary (non-cell) telephone number, cell phone, alternate work number and an alternate, non-RVCC email address.
Fire Alarm System

In addition to fire evacuations, the fire alarm system can be used as a public address system to deliver audible emergency messages. These messages can be broadcast as a pre-set emergency message or deliver specific instructions to address an emergency situation.

College E-mail System

Emergency announcements may also be sent via the College e-mail system. Students must have a College e-mail account issued through the Technology Services Department located on the 1st floor of Somerset Hall, room S-118. Emergency announcements will be posted to the Announcements section in Lion’s Den.

Other methods to deliver emergency information include the College web page, Facebook and Twitter accounts, messaging boards and verbal announcements by campus safety officials. During emergencies or dangerous situations that can threaten the immediate health and safety of the campus community, the College uses some or all of these notification systems to make immediate emergency notifications, and provide follow-up information to the College community.

Facilities Access and Security Maintenance

The College campus in Branchburg is open to both students and the general public. The main entrance from State Highway 28 and the entrance from Lamington Road remain open and accessible to vehicular traffic 24 hours per day. All campus roads and parking lots remain open day/night. Overnight parking is prohibited without prior permission of campus security.

The College is open 7:00 AM to 10:00 PM, Monday through Friday; 7:00 AM to 5:00 PM on weekends. Campus Security Officers are on duty 24/7 and monitor all activities at the campus. Security Officers conduct mobile, bicycle and foot patrols throughout the day and night. Building security checks are performed during patrol activities. Following evening classes, buildings are locked and reopened starting at 6:00 AM. Surveillance cameras record activity in the majority of campus parking lots and other public areas, inside and outside campus buildings.

Campus Safety works closely with Facilities Management in an on-going effort to help ensure the safety of all buildings and exterior areas. All potential or imminent safety concerns are promptly reported. Overhead lighting designed to enhance visibility illuminates all parking areas, buildings, and walkways. Security Officers conduct lighting surveys and forward notice of any needed repairs to the Facilities Department.

Security Officers conduct tests of emergency phones, emergency exterior callboxes, fire alarm and panic alarm systems and manage video surveillance systems. Any noted deficiencies are promptly repaired by appropriate vendors.
Members of the College community are encouraged to report any lighting or mechanical
deficiencies on the Branchburg campus to Facilities at extension 8363 or Campus Safety at
extension 8800. Campus Safety maintains an on-call list of Facilities personnel in the event
of any maintenance or mechanical emergencies that occur after normal business hours.

There are no student resident facilities on College property.

**Emergency Management Program**

The Campus Safety Department coordinates the College’s Emergency Management Program,
and has a comprehensive Emergency Management Plan to address weather, technological,
accidental or public safety emergencies. The College Emergency Operations Plan includes
information for incident management teams, operational protocols and procedures,
emergency sheltering and evacuation guidelines, as well as contingency and planning
requirements. The College has a continuity plan to address continuity of operations for
critical operational functions. Campus Safety develops, reviews and revises procedures
regarding emergency preparedness and response, including evacuation, shelter-in-place and
lockdown protocols.

The Emergency Management Plan has specific procedures to manage response to different
types of emergencies that include violent/threatening events, fire emergencies, bomb
threats and suspicious items, hazardous materials incidents, medical emergencies, utility
failures, severe weather emergencies, and others. First responders to an emergency on
campus are usually members of the Campus Safety Department. The College relies on
municipal law enforcement, fire, EMS and specialized public safety services to respond to
and manage significant emergencies on campus. Depending on the emergency, these services
routinely include the Branchburg Police Department, North Branch Fire Department and the
Branchburg, Robert Wood Johnson Hospital-Somerset, or Whitehouse Emergency Medical
Services.

When an emergency incident is reported to the Campus Safety Department, Security Officers
are immediately dispatched to the emergency. Security Officers assess the event, and relay
information to the Campus Safety Office, to summon necessary resources. Notification is then
made to the Somerset County Regional Communication Center, who dispatches appropriate
public safety services to the College. The Campus Safety Office has both telephone and direct
radio communications with the Regional Communications Center, Branchburg Police and
North Branch Fire Department.

Responding Security Officers and the on-duty supervisor coordinate to determine the extent
and seriousness of the emergency. If a serious event, notification is then made to the Director
of Campus Safety, the College President and the Executive Director of Human Resources.
Consultation may also include other executive and facilities staff, media relations and
student services staff, and senior members of the Campus Safety Department to help manage
and mitigate the event. Following these notifications, emergency response protocols are
activated as necessary.
All municipal and county public safety responders and specialized resources are requested and dispatched through the Regional Communications Center. Depending on the type and severity of the emergency, in addition to the first responding agencies, additional specialized resources may be dispatched. Specialized resources may include but are not limited to hazardous materials teams, bomb detection, K-9 and search and rescue teams. In addition to local and county public safety assets, State or Federal emergency response agencies can be requested to respond to help manage the emergency event. Campus Safety coordinates all emergency actions with responding public safety agencies.

Campus Safety supervisors follow Incident Command protocols when responding to critical incidents on campus. Supervisors have authority to take immediate action to address and stabilize an event until the arrival of local emergency services.

If an emergency occurs on or near the campus that poses a potential threat to the health or safety of the College community, emergency actions may include:

- Issuing a Timely Warning Notice or Emergency Notification
- Deployment of initial and additional Campus Security Officers
- Increased security patrols of the campus
- Request for law enforcement officers
- Request assistance of local, county or state emergency management officials
- Closing roads and entrances to the campus
- Securing campus buildings
- Evacuation of buildings, lockdown, or initiation of shelter-in-place procedures

**Emergency Response and Evacuation Procedures**

The College Emergency Plan provides protocols for immediate emergency response to a variety of emergency situations. The Emergency Plan is exercised during actual events and training exercises. Campus Security officers and supervisors are trained in emergency response, lockdown, evacuation and shelter-in-place procedures. Emergency response and evacuations are coordinated by the Campus Safety Department. Evacuations of the College, during an actual emergency or drill help evaluate exit procedures and capabilities. When necessary, procedural or equipment deficiencies are corrected to improve emergency procedures.

Evacuation drills educate and train students and staff about evacuation procedures, familiarizing them with emergency exits and routes to travel when exiting a building. Maps identifying exits, egress routes and safe staging areas are posted on placards in hallways, work areas and classrooms in all campus buildings.

Trained Evacuation Marshals provide a valuable resource to assist students and staff during evacuations or when sheltering-in-place. Evacuation Marshals receive training and are assigned to monitor specific areas within College buildings. In addition, Evacuation Marshals assist with managing designated evacuation staging areas on campus property.
College staff receive training relating to armed intruder threats, lockdown procedures, workplace violence and recognizing potential threats on campus. Fire evacuation training is included in safety presentations provided to College employees.

Information about evacuation, shelter-in-place, lockdown procedures, armed intruder threats and other emergencies is available in the Faculty and Staff and Student Emergency Preparedness Handbooks, College security webpage under Emergency Procedures and the College Student Handbook.

**Fire Evacuation Procedures**

When the fire alarm is activated, evacuation is mandatory. Campus Security Officers and Fire Evacuation Marshals will instruct students, staff, faculty and all other persons to evacuate the building and proceed to designated assembly points.

**Emergency Fire Alarm Notification**

1. Emergency notification of a fire emergency on campus will be broadcast over the fire alarm mass notification system: **"EMERGENCY ALERT! FIRE ALARM, EVACUATE THE BUILDING IMMEDIATELY."**

2. Notifications may also be made through verbal announcements in hallways and classrooms, phone, text, and email messages.

**Basic Evacuation Procedures**

- When a fire alarm is activated, immediately evacuate the building using the nearest exit and move to a safe location
- Follow the instructions of Evacuation Marshals and Campus Security Officers
- **Do Not** use elevators
- **Do Not** assemble in the center courtyard
- Warn and help others to evacuate, if possible help others with disabilities
- Keep roads and fire lanes clear for emergency responders
- **Do Not** re-enter buildings until authorized by evacuation marshals, Campus Security Officers or RVCC officials

**Shelter-in-Place Procedures — What it Means to Shelter-in-Place**

If an incident occurs and the buildings or areas around you become unstable, or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors, because leaving the area may expose you to that danger. "Shelter-in-place" which means to make a shelter of the building that you are in, and with a few adjustments this location can be made even safer and more comfortable until it is safe to go outside.

**Basic Shelter-in-Place Guidance**

If an incident occurs and the building you are in is not damaged, stay inside-seeking an interior room-until you are told it is safe to come out. If your building is damaged, take your personal belongings (purse, wallet, etc.) and follow the evacuation procedures for the building you are in (close doors, proceed to the nearest exit, and use the stairs instead of the
Once you have evacuated, seek shelter at the nearest College building quickly. If police or fire department personnel are on the scene, follow their directions.

**How You Will Know to Shelter-in-Place**
A shelter-in-place notification may come from several sources, including the Department of Campus Safety, other College employees, or public safety authorities utilizing the College's emergency communications systems.

**How to Shelter-in-Place**
No matter where you are, the basic steps of shelter-in-place will generally remain the same. Should the need ever arise, follow these steps, unless instructed otherwise by local emergency personnel:

- If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of emergency. If you are outdoors, proceed into the closest building quickly or follow instructions from emergency personnel on the scene.
- Locate a room to shelter inside. It should be:
  - An interior room;
  - Above ground level; and
  - Without windows or with the least number of windows. If there is a large group of people inside a particular building, several rooms maybe necessary.
- Shut and lock all windows (tighter seal) and close exterior doors.
- Turn off air conditioners, heaters, and fans.
- Close vents to ventilation systems as you are able. (College staff will turn off ventilation as quickly as possible.)
- Make a list of the people with you and ask someone (faculty, or other staff) to call the list in to Campus Safety so they know where you are sheltering. If only students are present, one of the students should call in the list.

**Lockdown Procedures**

- Adhere to emergency warning messages.
- Immediately seek shelter in a safe area by entering the nearest classroom or office, or any other room with a lockable door.
- Warn others of the lockdown and assist them to safety, if possible.
- Close and lock doors and windows, barricade the door with furniture, such as desks and bookshelves.
- Stay away from doors and windows.
- Close blinds.
- Turn off lights, computers and other electronic devices that can make noise.
- Remain quiet and await further instructions from College officials or police.

**Emergency Exercises, Drills and Tests**
The College will publicize procedures to test, on an annual basis, emergency response and evacuation procedures. In coordination with emergency agencies on an annual basis, the College conducts emergency response activities, that may include drills, discussion based,
table top and full scale exercises. The Department of Campus Safety determines the type of drill or exercise relevant to incidents which could impact the campus. Appropriate follow through activities address deficiencies identified in drills and exercises.

Exercises and drills are designed to assess and evaluate emergency plans and response capabilities and protocols of the College, as well as for educational and training purposes. At least one test or exercise will be conducted per year.

Documentation for drills and exercises is managed by the Department of Campus Safety. Each test is documented to include a description of the exercise, the date, time and whether it was successful or unsuccessful. Tests may be announced or unannounced.

The fire alarm Emergency Notification System is tested weekly. Interior emergency phones, exterior emergency call boxes, panic alarms and elevator emergency phones are tested monthly. These tests ensure reliable operability when emergency notifications and communications are needed.

Fire evacuation drills are conducted twice monthly at the Child Care Center which is located on the College campus.

**The Department of Campus Safety conducted the following exercises in 2017:**

**Campus Fire Evacuation Exercise**

The Department of Campus Safety conducted an unannounced fire evacuation exercise on December 15, 2017. The purpose of the exercise was to enhance the preparedness and safety of the College community by testing the internal fire alarm evacuation procedures of staff, faculty and students in accordance with internal campus procedures. As well, it tested the RV Fire Alarm Notification System and newly installed Fire Alarm equipment. Coordination and communication between the Department of Campus Safety and College Evacuation Marshals were also tested.

The exercise focused on three emergency response capabilities: Alert & Warning, Response and Planning.

Campus Fire Evacuation procedures can be found in the Student Handbook, the Emergency Preparedness Handbooks and on the College Security webpage at [www.raritanval.edu/security](http://www.raritanval.edu/security) under Emergency Procedures.

**Fire Department Walkthrough Drill**

A walkthrough drill was conducted with the North Branch Volunteer Fire Department on December 12, 2017. The drill included a tour of the new Workforce Training Center and new fire department access routes leading to the Training Center and the Bateman Student Center. Information relevant to the College fire alarm and fire suppression systems, mechanical equipment, hazardous materials and safety data sheets were discussed.

The drill provided awareness of critical fire safety systems. Improvement actions included installing a plastic paving system in grass areas near the Training Center and Bateman Student Center, that support the weight of fire department apparatus in dry or wet weather.
Emergency Procedures

Emergency response and evacuation procedures are publicized to students and employees in conjunction with at least one test per year. Information relating to emergency procedures is readily available to the College community and are included in the Faculty & Staff and Student Emergency Preparedness Handbooks, Emergency Procedures handout located on the Security webpage under Emergency Procedures, and in the College Student Handbook.

The Emergency Preparedness Handbooks provided to Faculty, Staff and Students are a comprehensive emergency procedures guidebook outlining specific actions to take in response to a variety of different on campus emergencies.

Safety Training

In 2017 training workshops were provided to College employees, faculty members and Security Officers focusing on active shooter and fire safety practices. A handout of safety guidelines was provided at each session.

An overview of safety and security procedures was provided to new employees at the start of fall and spring semesters. Information focused on fire and active shooter safety practices, emergency communication and notification systems, as well as general safety protocols.

Department of Campus Safety Training

Campus Security Officers are trained in appropriate areas of campus safety. Topics include emergency response, lockdown, shelter-in-place, criminal law and fire evacuation procedures. All officer’s complete active shooter awareness training, including the FEMA IS-907 active shooter on-line training course.

In 2017 Campus Security Officers received in-service emergency response training in a variety of specialized topics relating to active shooter, fire evacuations, activation of the Mass Notification System, workplace violence, Family Educational Rights and Privacy Act (FERPA) and safeguarding Personal Identifiable Information (PII).

Additional training included security topics relating to professional conduct, diversity training, crime prevention, report writing, information gathering, responding to sexual assaults, vehicular and bicycle patrol practices and responding to opioid overdose training.

All Campus Security Officers received training regarding their responsibilities as Campus Security Authorities. Training focused on an overview of the Clery Act, including campus geography, crimes and their proper classification, timely warning/emergency notifications and reporting requirements and maintaining proper documentation.

Crime Prevention and Awareness Programs

Crime prevention is a high priority for the College and Campus Safety Department. Community members are encouraged to be aware of their surroundings, on and off campus, and to take responsibility for their own safety and that of others. Campus Safety coordinates
several programs to enhance the personal safety of students and employees, and safeguard property through education and awareness. This is accomplished through outreach programs to students and employees, training for employees and Security Officers, safety presentations and dissemination of safety and security information.

**Emergency Preparedness Handbooks**
Emergency Preparedness Handbooks are provided to Faculty, Staff and Students. These handbooks provide specific information regarding emergencies, crime reporting, resource information and safety and crime prevention tips.

**Active Shooter, Workplace Violence, Bomb Threat/Suspicious Package Training**
Active Shooter, workplace violence, and bomb threat/suspicious package training programs are provided to College employees on an annual basis.

**FEMA IS-907 Active Shooter: What You Can Do**
All Campus Security staff are required to take and pass the FEMA Active Shooter course.

**Bicycle Patrol Program**
Bicycle patrols continue to augment motor vehicle patrols. Campus Security Officers patrol the campus on bicycles between the hours of 6:30am and 10:30pm. Bicycles improve response time to emergencies and increase guard visibility and availability to the campus community.

**Campus Safety Presentations**
These interactive presentations are available to any group upon request. They provide vital information on how to maintain the safest possible campus environment.

**Community Outreach**
The RVCC Bicycle Patrol Unit stands at the center of the Department of Campus Safety's Community Outreach programs. Establishing personal contact with members of the College community in a non-crisis situation helps foster communication and recognition between the community and the Campus Safety Department. The unit is responsible for disseminating information related to campus safety and security procedures at College events, through the use of safety information materials and personal contact with students, staff and guests.

**Confidential TIPS Hotline**
Pursuant to a campaign to raise awareness that safety on campus is everyone’s responsibility Campus Safety maintains a confidential TIPS Hotline 908-231-8806. Information can be provided by phone and is reported directly to the Campus Safety Office.

**Security Escort Program**
Security escorts are available to students, faculty, staff and visitors who are on campus and are concerned about their safety. A request can be made by calling the Department of Campus Safety at **908-231-8800** or extension 8800, at the Campus Safety Office located on the ground floor level of Somerset Hall room S-010, speaking with any Campus Security Officer or by using an emergency red phone located in campus building hallways or exterior emergency callbox.
New Employee Orientation – Safety and Security
The Director of Campus Safety meets annually with new employees to provide an overview of College Security and Safety programs and services, as well as armed intruder threats, fire safety and other basic safety tips.

New Student Life Representatives Orientation – Safety and Security
The Director of Campus Safety meets with student life representatives providing an overview of College Security and Safety programs and services, as well as fire safety and other basic safety tips.

Reporting Suspicious Activity
Observing/reporting suspicious persons or incident training is provided to College employees. Posters and information in student handbooks stress the importance of reporting suspicious or unusual behavior.

Security Surveys and Vulnerability Assessments
The Campus Safety Department conducts security surveys and vulnerability assessments to identify potential hazards and vulnerable areas of the campus.

Drug Free Schools & Campuses Act
Raritan Valley Community College endorses the mandates of the Drug-Free Campus provisions of the Higher Education Act. The College prohibits the manufacture, possession, use, or distribution of illegal drugs and alcohol by all students. Possession means having the substances or being in the presence of these substances.

The College will involve local law enforcement officials when appropriate. Illegal possession, use, or distribution of illicit drugs, or illegal use or possession of alcohol is punishable under applicable local, state, and federal law. Municipal complaints may be lodged against suspected violators of the drug laws. Violators will also be subject to the College discipline process that may result in disciplinary sanctions.

Drug and alcohol abuse counseling is available through the Advising and Counselling Department. Alcohol and substance abuse programs the College uses to comply with the Act are outlined below, and include but are not limited to: counseling, education, focus groups, poster and brochure campaigns and prevention programs.

Substance Abuse Education and Awareness

Policies, Rules, Regulations and Student Code of Conduct

College Policies, Rules and Regulations, the Student Code of Conduct, and Disciplinary Procedures for violations of the Code of Conduct are published in the Student Handbook and posted on the College website. Student Handbooks are available at the main Branchburg Campus.

One of the core values of Raritan Valley Community College is fostering an environment of mutual respect, responsibility, and collaboration. The Student Code of Conduct (Code) establish expectations of behavior for all students regardless of enrollment status or campus location. The provisions of the Code govern the actions of all students whether at a College-owned or managed location or at a College-sponsored or supervised function or event. This Code applies to behavior directed toward any member of the College Community as well as a student’s conduct during Academic Placements. Upon admission to the College, a student incurs the responsibility for becoming familiar with and abiding by, the provisions of the Code. Violations of the Code may result in a student receiving a failing grade on an assignment or in a course, required community service, Disciplinary Warning, Disciplinary Probation, Disciplinary Suspension, Dismissal, or other appropriate penalty.
The Code of Conduct and relevant policies can be found online. The Code of Conduct can be accessed at: [http://globaldatebooksonline.com/flipbooks/rar/files/assets/basic-html/index.html#39](http://globaldatebooksonline.com/flipbooks/rar/files/assets/basic-html/index.html#39)

**College Policies**

**Sensitive Crimes**

The Department of Campus Safety will assist victims of bias or hate crimes, bullying or intimidation, sexual harassment or discrimination, sexual assault and domestic violence. Bias or hate crimes relate to incidents involving race, religion, gender, gender identity, sexual orientation, ethnicity, national origin, and disability. Sexual assault includes force and non-force, acquaintance and stranger rape, statutory rape, incest, unlawful touching or fondling, or sexual coercion.

If you are the victim of bullying or intimidation, a bias or hate crime, sexual assault, stalking, an act of dating or domestic violence, or if you see offensive graffiti on or near the campus, contact the Campus Safety Department, the Assistant Dean of Student Services or the Executive Director of Human Resources & Labor Relations.

Somerset County offers trained teams that can respond to assist victims of sexual assault or domestic violence.

**Bullying and Intimidation**

Acts of harassment, intimidation, or bullying in gesture, written, verbal or electronic communication that is motivated by actual or perceived factors such as race, color, religion, sexual orientation, gender, gender identity, ethnicity, national origin and disability are violations that should be reported to the Campus Safety Department, Title IX Coordinator, or the Office of the Dean of Student Services.

**Sexual Harassment and Discrimination**

RVCC seeks to provide an environment free from harassment and discrimination. The College is committed to maintaining an environment conducive to learning for all students and a professional workplace for its employees. The College takes active measures against all discrimination, discriminatory harassment, and sexual harassment, including violence and any type of sexual misconduct.

Title IX of the Education Amendments Act of 1972 protects people from discrimination, discriminatory harassment, and sexual harassment, including any type of violence or sexual misconduct in educational access, programs and activities. These behaviors are demeaning and interfere with the rights of others to pursue their education in an atmosphere that is safe and respectful. In addition to any overt acts of harassment and assault, any sexual contact
without consent and any gender-based violence are strictly prohibited. Incidents involving this type of behavior should be reported immediately.

Students and employees are encouraged to report any incidents of discrimination, harassment, sexual violence and bullying which cause physical or emotional harm, or create a hostile environment. This activity can include any gesture, written, verbal or physical act, or electronic communication, whether a single incident or a series of incidents, which you perceive motivated by race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity, mental, physical or sensory disability which interferes with the rights of a student or employee. Likewise, students or employees who witness or learn of another person becoming the victim of discrimination, discriminatory harassment, or sexual harassment, including any type of sexual violence or sexual misconduct are urged to report the matter immediately.

Anyone being harassed should report the incident immediately to the Department of Campus Safety 908-231-8800, the Title IX Coordinator 908-526-1200, extension 8345, or the Office of the Dean of Student Services 908-526-1200, extension 8976.

Confidentiality will always be maintained insofar as it does not interfere with the College’s legal obligation to investigate allegations of misconduct, and the ability to take corrective action consistent with rights of due process.

**Substance Abuse Policy**

RVCC promotes personal responsibility among students, encouraging them through various policies, education programs and services to make informed and responsible decisions. The College’s policies and Code of Conduct governing the use of alcohol and illegal drugs apply to all RVCC students. The primary responsibility for knowing and abiding by the provisions of the College’s policies rests with the individual student.

**Alcohol & Illegal Drugs**

Possession, sale, consumption, being under the influence, manufacturing or furnishing alcohol or illegal controlled dangerous substances on the College campus is illegal under New Jersey law and violates College policy. Violators of the Alcohol or Illegal Drug policy or related New Jersey laws are subject to disciplinary action and criminal prosecution.

Enforcement of the Alcohol and Drug policy on campus is the responsibility of the Campus Safety Department. Criminal enforcement of alcohol and drug laws is the responsibility of the Branchburg Police Department.

RVCC’s policy states: Except at specific organized social functions, the use, possession and sale of alcoholic beverages is forbidden. The manufacture, use, possession, distribution, sale or being under the influence of drugs unless prescribed by a doctor is forbidden. RVCC adheres to all local, state and federal laws and statutes pertaining to the possession, use and distribution of alcohol and illegal drugs and expects its students and employees to do the same. If the student is found to be under the influence of drugs or alcohol, the Campus Safety
Department will notify local police. Persons violating these policies will be subjected to all applicable civil and criminal penalties and the College disciplinary procedure.

The College recognizes the right of law enforcement agencies to enforce statues pertaining to illegal substances on its campuses, including executing search and arrest warrants.

**Firearms, Weapons & Explosives**

Weapons, ammunition, explosives and fireworks are not permitted on College property. Law enforcement personnel who are authorized to possess weapons may do so within the scope of their authority. Off-duty law enforcement officers who are required to carry their firearms while attending class, are to ensure their weapon is properly secured and concealed.

**Gambling**

In compliance with New Jersey State Laws, gambling is forbidden on campus.

**Reporting and Responding to Sexual Assault**

Sexual assault is a serious concern on College campuses throughout the country. To address this problem, RVCC provides on going educational and prevention programs to students during the academic year. In addition, the College provides services to individuals who may be victims of sexual assault. Students who report sexual assault can be assured of accessible, prompt, and equitable methods of investigation and resolution.

The College treats allegations of sexual assault extremely seriously and can assist victims in obtaining medical treatment, counseling and advocacy services and legal assistance. The College is committed to treating victims with care and compassion, and will safeguard a victim's confidentiality, respect the victim's privacy and support a victim's right to make choices about resources and options available to them.

In a campus setting, sexual assault often occurs when one or both parties are intoxicated from alcohol or drugs or in connection with group activities where unanticipated social pressures may develop. Therefore, it is important to understand that intercourse or other sexual activity with a person unable to give free and full consent (e.g., because of intoxication, substance abuse, or intimidation) constitutes sexual assault or rape. Furthermore, the offender's use of a mind-altering substance does not in any way diminish his or her responsibility for abusive behavior.

RVCC recognizes that sexual assault is never the fault of the victim. Please read the information provided herein and be aware of the effects of alcohol and other drugs and the dynamics of social gatherings.
**Actions for Victims of Sexual Assault**

It is recommended that victims of sexual assault take the following steps:

**Seek Medical Treatment**

*To get immediate medical treatment, call the Department of Campus Safety or 911*

It is important that a person who has been recently assaulted receive prompt medical attention to ensure that he/she is medically well. Because physical injury is not always noticeable at first, it is important to receive a medical examination and treatment as soon as possible. This may include screening and/or treatment for sexually transmitted diseases and emergency contraception, if appropriate.

**Hospital Visits**

A medical examination may include the collection of physical evidence for use in prosecution, if the victim so chooses. Such evidence may increase the chances of successful prosecution, and its collection is therefore strongly encouraged. For this reason, victims should not bathe, wash, or change clothes before seeking medical treatment. Reliable forensic evidence can be collected by a medical provider, usually in an emergency room, up to 96 hours following a sexual assault. The medical examination and collection of forensic evidence are done simultaneously. RVCC students can go to the emergency room at the Robert Wood Johnson University Medical Center at Somerset or the Hunterdon Medical Center, or any other nearby medical facility.

Even though a victim may be unsure about immediately reporting an incident to the police, making a report after a few days is still helpful. Collecting forensic evidence makes it much easier to pursue a prosecution at a later time. Toxicology testing for "date rape drugs" is most effective within 72 hours of an assault. Results will not be analyzed unless a police report is filed.

**Seek Support Services**

The safety and wellbeing of a victim is of paramount importance. The College strongly encourages victims to contact trained professionals for emotional support, medical services, and advocacy as soon as possible.

Contact options include:
- The Advising and Counseling Department
- The Department of Campus Safety
- The Dean of Student Services
- A Sexual Assault/Anti-Violence Crisis Center
- A Medical Treatment Facility
- Any trusted friend, adviser, or faculty member

College faculty and staff members have the duty to report incidents of sexual assault to the Department of Campus Safety. Students wishing to keep their information as confidential
as possible should speak with a rape crisis counselor, a clinician at the counseling center, a medical provider in the context of receiving medical treatment, or a member of the clergy. These community members are confidential and private resources for students, and do not have an obligation to report instances of sexual assault.

Seek Counseling

RVCC and the community offer a variety of counseling resources to victims of sexual assault. Advising and Counseling Services at the College can provide initial guidance and information regarding additional counseling and support services. The Sexual Assault Women’s Health & Counseling Center in Somerville, provides professional counseling and crisis intervention services for victims of sexual abuse/assault and their families. Many other support services are available in Somerset and Hunterdon Counties for victims of sexual abuse or assault.

File a Report with Local Law Enforcement

To report an assault, the College urges victims to consider contacting the local law enforcement agency where they reside or the law enforcement agency where the assault occurred. If requested, Campus Safety personnel will assist the victim through the reporting process. Although the College encourages filing criminal charges, it respects a victim’s choice in deciding to report or not report an assault to law enforcement.

File a Report with the College

Students may also choose to file a report with the College. The College reporting and judicial system and police/legal system work independently from one another. Students can file reports with the College, with law enforcement, or with both. Information about filing a report with the College can be provided by Counselors in the Advising and Counseling Department, extensions 8330 or 8336, the Office of the Dean of Student Services, extension 8294 or 8311 and the Campus Safety Department, extension 8800.

Reports of alleged sexual assault by an RVCC student should be filed with the office of the Dean of Student Services, located in College Center, room C-171 or the Campus Safety Department, located on the lower level of Somerset Hall.

Reports of alleged sexual assault by an RVCC faculty member, staff member, or administrator should be filed with the Human Resources Department, located in Somerset Hall, room S220, extension 8550, or the Campus Safety Department.

Students who report an instance of sexual assault to the College are entitled to have a designated support person available to them throughout the process.

Consider Changing Academic Class Situations

Victims of sexual assault may seek alternative class arrangements. The Dean or Assistant Dean of Student Services will arrange the accommodation, if reasonably possible. Alternative class arrangements depend on scheduling considerations and the availability of equivalent courses.
Disclosure to Victims of Crimes of Violence or Non-Forcible Sex Offenses

Raritan Valley Community College will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the College against a student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, the next of kin of the victim will be treated as the alleged victim. The College will provide the results of the disciplinary proceeding to the victim’s next of kin.

Victim’s Bill of Rights

New Jersey established a Bill of Rights to ensure the needs of victims are met and that Colleges and Universities create and maintain a culture supporting human dignity. The Campus Sex Crimes Prevention Act (section 1601 of Public Law 106-386) is a federal law enacted on October 28, 2000, that provides for the tracking of convicted, registered sex offenders enrolled as students at institutions of higher education, or working, or volunteering on campus.

Pursuant to this law, RVCC is required to notify students and employees of the location of information pertaining to individuals employed or enrolled on campus who have been convicted of violent sex offenses or criminal offenses against minors. Law enforcement information provided by the New Jersey State Sex Offender Registry relating to registered sex offenders can be obtained from the following site:

to provide an accurate and complete description of what occurred, including the location and whether the victim or alleged perpetrator was a student.

Crimes and related disciplinary referrals are reported to the Campus Safety Department. The Clery Act Coordinator (Director of Campus Safety) consolidates reported data and reports the data to the federal Department of Education, includes it in the Annual Security Report and informs the campus community where the report is available.

Crime statistics included in the Annual Security Report do not include any information that would identify the victim or the person accused of committing the crime.

JEANNE CLERY DISCLOSURE OF CAMPUS SECURITY POLICY AND CAMPUS CRIME STATISTICS ACT, AS AMENDED BY THE VIOLENCE AGAINST WOMEN REAUTHORIZATION ACT OF 2013

Raritan Valley Community College (Herein referred to as RVCC) does not discriminate on the basis of sex in its educational programs and sexual harassment and sexual violence are types of sex discrimination. Other acts can also be forms of sex-based discrimination and are also prohibited, whether sexually based or not. These acts include dating violence, domestic violence, and stalking. As a result, RVCC issues this statement of policy to inform the community of our comprehensive plan addressing sexual misconduct, educational programs, and procedures that address sexual assault, domestic violence, dating violence, and stalking, whether the incident occurs on or off campus, and when it is reported to a College official. In this context, RVCC prohibits the offenses of domestic violence, dating violence, sexual assault and stalking, and reaffirms its commitment to maintain a campus environment emphasizing the dignity and worth of all members of the College community. For a copy of RVCC's policy governing sexual misconduct, refer to:
http://www.raritanval.edu/general-information/policies-and-consumer-information/sexual-misconduct-policy

Definitions: There are numerous terms used by RVCC in our policy and procedures.

Consent:

The state of New Jersey defines consent, in relation to sexual activity, as follows:

Consent (2C:2-10): as defined in New Jersey Title 2C Code of Criminal Justice;

1. In general. The consent of the victim to conduct charged to constitute an offense or to the result thereof is a defense if such consent negatives an element of the offense or precludes the infliction of the harm or evil sought to be prevented by the law defining the offense.

2. Consent to bodily harm. When conduct is charged to constitute an offense because it causes or threatens bodily harm, consent to such conduct or to the infliction of such harm is a defense if:

   (a) The bodily harm consented to or threatened by the conduct consented to is not serious; or

   (b) The conduct and the harm are reasonably foreseeable hazards of joint participation in a concerted activity of a kind not forbidden by law; or

   (c) The consent establishes a justification for the conduct under chapter 3 of the code.

3. Ineffective consent. Unless otherwise provided by the code or by the law defining the offense, assent does not constitute consent if:

   (a) It is given by a person who is legally incompetent to authorize the conduct charged to constitute the offense; or

   (b) It is given by a person who by reason of youth, mental disease or defect or intoxication is manifestly unable or known by the actor to be unable to make a reasonable judgment as to the nature of harmfulness of the conduct charged to constitute an offense; or

   (c) It is induced by force, duress or deception of a kind sought to be prevented by the law defining the offense.

The RVCC Code of Conduct Violations related to Sexual Misconduct and Violence defines sexual consent as:

Sexual Consent is defined as giving explicit permission to participate in any sexual act.

Consent must be active, not passive; it cannot be implied or assumed. Each partner must knowingly give permission each and every time they engage in a sexual act.
Consent cannot be given if either participant is:

- Under age
- Incapacitated
- Mentally handicapped/Impaired
- Asleep
- Being threatened, forced or coerced

**Sexual Assault:**

The Federal Clery Act defines the crime of sexual assault:

Sexual assault is an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's Uniform Crime Reporting system. A sex offense is any act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

**Rape** is defined as penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration of a sex organ of another person, without the consent of the victim.

**Fondling** is defined as touching the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age, or because of his/her temporary or permanent mental incapacity.

C. Procedures for Reporting a Complaint

The College prohibits the offenses of dating violence, domestic violence, sexual assault and stalking, and provides programs directed to prevent and end these types of offenses from occurring. The College encourages timely reporting of these offenses.

The College has and provides written information of procedures in place that are sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid and other services on and/or off campus within the large community. As well as additional remedies to prevent contact between a complainant and an accused party, such as academic, transportation, working accommodations, or protective measures if reasonably available. The College will make such accommodations, if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to the Campus Safety Department or local law enforcement. Students and employees should contact resources such as:

After an incident of sexual assault or domestic violence the victim should consider seeking medical attention as soon as possible at Robert Wood Johnson University Hospital - Somerset, located in Somerville Borough. This hospital serves the main campus in Branchburg. In New Jersey, evidence may be collected even if you chose not to make a report to law enforcement. Information and evidence gathering will be conducted by members of the Somerset County Sexual Assault Response Team (SART). This team includes a law enforcement officer, a care advocate and a Sexual Assault Nurse Examiner (SANE). Victims can request that one, two or all three SART members be activated. Each county will have a policy and procedure allowing the evidence to be preserved for at least 90 days and up to five years, affording the victim the opportunity to determine if evidence...
will be turned over to the police. The victim will be informed of the county procedure for evidence storage and correct steps if they want to proceed with prosecution. The name of the victim will be asked by the Sexual Assault Nurse Examiner.

It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease. Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to a College hearing board/investigators or police. **Victims are encouraged to preserve evidence that may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protection order.**

Although the College strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim’s choice whether or not to make such a report and victims have the right to decline involvement with the police. The College Campus Safety Department will assist any victim with notifying local police and/or the Somerset County Prosecutors Office, if they so desire. The College will provide resources, on campus and off campus or both, to include medical and health care, to persons who have been victims of sexual assault, domestic violence, dating violence, or stalking, and will apply appropriate disciplinary procedures to those who violate this policy. The procedures set forth below are intended to afford a prompt response to charges of sexual assault, domestic or dating violence, and stalking, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of this policy.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with the Campus Safety Department or law enforcement to preserve evidence in the event that the victim changes her/his mind at a later date.

If a report of domestic violence, dating violence, sexual assault or stalking is reported to the College, listed below are the procedures that the College will follow as well as a statement of the standard of evidence that will be used during any judicial hearing on campus arising from such a report:

**D. Assistance for Victims: Rights & Options**

Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, the College will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options. Victims will also be provided with an explanation of the procedures for disciplinary action in cases of alleged dating violence, domestic violence, sexual assault and stalking. The College will make every effort to ensure victims and witnesses are treated with dignity and compassion throughout the criminal justice process.

In New Jersey, a victim of domestic violence, dating violence, sexual assault or stalking has the following rights:
• To be informed about the criminal justice process.
• To be free from intimidation.
• To have inconveniences associated with participation in the criminal justice process minimized to the fullest extent possible.
• To make at least one telephone call from the police station provided the call is reasonable in both length and location called.
• To medical assistance if, in the judgment of the law enforcement agency, medical assistance appears necessary.
• To be notified if presence in court is not needed.
• To be informed about available remedies, financial assistance and social services.
• To be compensated for their loss whenever possible.
• To be provided a secure, but not necessarily separate, waiting area during court proceedings.
• To be advised of case progress and final disposition.
• To the prompt return of property when no longer needed as evidence.
• To submit a written statement about the impact of the crime to a representative of the county prosecutor’s office which shall be considered prior to the prosecutor’s final decision concerning whether formal criminal charges will be filed; and
• To make, prior to sentencing, an in-person statement directly to the sentencing court concerning the impact of the crime. This statement is to be made in addition to the statement permitted for inclusion in the persistence report.

Further, Raritan Valley Community College complies with New Jersey law in recognizing orders of protection, Temporary Restraining Orders (TRO), and Final Restraining Orders (FRO). The order will be provided to the Campus Safety Department and the Office of the Title IX Coordinator by the Family Court. A complainant may meet with the Campus Safety Department to develop a Safety Action Plan, which is a plan to reduce risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to: on campus escorts, special parking arrangements, changing classroom location or allowing a student to complete assignments from home, etc.

The College cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction(s). The victim is required to apply directly for these services in conjunction with local law enforcement and the appropriate county services established in each county. The College may issue an institutional no contact order if deemed appropriate or at the request of the victim. To the extent of the victim’s cooperation and consent, College offices will work cooperatively to ensure that the complainant’s health, physical safety, work and academic status are protected, pending the outcome of a formal College investigation of the complaint.
While the College’s investigation is pending, the College will offer interim measures to protect the Complainant(s) and others. Interim measures may include but are not limited to: safety plan development (including escorts, special parking arrangements), no contact directives, interim suspension from campus, exam (paper or assignment) rescheduling, taking an incomplete grade in a class, transferring of class sections, alternative course completion options, changing transportation and working situations, assistance with the College disciplinary process, referrals to on-campus resources or reporting to police. The College will maintain as confidential any protective measures provided to the Complainant, to the extent that maintaining such confidentiality would not impair the ability of the College to provide the protective measures. These measures can be offered regardless of whether or not the Complainant chooses to report the crime to Campus Safety or local law enforcement. If the College’s investigation determines that a violation of the policy has occurred, the College will offer remedies to the Complainant, which may include, but are not limited to, the measures listed above. In addition, the College will provide written notification to victims about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration, student financial aid, and other services available for victims, both at the College and in the surrounding communities.

Additionally, personal identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who are investigating/adjudicating the complaint or delivering resources or support services to the complainant (for example, publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC 1395 (a) (20)).

Further, the institution will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

The College does not publish the name of crime victims nor store identifiable information regarding victims in the campus police departments Daily Crime Log or online. Victims may request that directory information on file be removed from public sources by a request to the Campus Safety Department.

How to be an Active Bystander

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.” We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. Further information regarding bystander intervention may be found. If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.
1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.

2. Confront people who seclude, hit on, and try to make out with or have sex with people who are incapacitated.

3. Speak up when someone discusses plans to take sexual advantage of another person.

4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.

5. Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

**Risk Reduction**

With no intent to victim blame and recognizing that only rapists are responsible for rape, the following are some strategies to reduce one’s risk of sexual assault or harassment.

1. **Be aware** of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.

2. Try to **avoid isolated areas**. It is more difficult to get help if no one is around.

3. **Walk with purpose**. Even if you don't know where you are going, act like you do.

4. **Trust your instincts**. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.

5. **Try not to load yourself down** with packages or bags as this can make you appear more vulnerable.

6. **Make sure your cell phone is with you** and charged and that you have cab money.

7. **Don’t allow yourself to be isolated** with someone you don’t trust or someone you don’t know.

8. **Avoid putting music headphones in both ears** so that you can be more aware of your surroundings, especially if you are walking alone.

9. **When you go to a social gathering, go with a group of friends**. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.

10. **Trust your instincts**. If you feel unsafe in any situation, follow your instincts. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).

11. **Don’t leave your drink unattended** while talking, dancing, using the restroom, or making a phone call. If you’ve left your drink alone, just get a new one.
12. **Don't accept drinks from people you don't know or trust.** If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don’t drink from the punch bowls or other large, common open containers.

13. **Watch out for your friends, and vice versa.** If a friend seems out of it, is way too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.

14. **If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).** Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).

15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:

   a) **Remember that being in this situation is not your fault.** You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.

   b) **Be true to yourself.** Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.

   c) **Have a code word with your friends or family** so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.

   d) **Lie.** If you don't want to hurt the person's feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.

16. **Try to think of an escape route.** How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?

17. **If you and/or the other person have been drinking,** you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

**E. Adjudication of Violations**

Whether or not criminal charges are filed, the College or a person may file a complaint under the Sexual Misconduct and Violence policy alleging that a student or employee violated the College’s policy on Sexual Misconduct and Violence.

Reports of all domestic violence, dating violence, sexual assault and stalking made to the Campus Safety Department will automatically be referred to the Title IX Coordinator for investigation regardless of if the complainant choses to pursue criminal charges.
The College disciplinary process is consistent with the College’s policy and will include a prompt, fair, and impartial investigation and resolution process transparent to the accuser and the accused. Usually, the resolution of complaints of sexual misconduct are completed within 60 days of the report, however the proceedings timeframe allows for extensions for good cause with notice to the accuser and the accused of the delay and the reason for the delay. Investigators and hearing board members are trained annually on the issues related to domestic violence, dating violence, sexual assault, and stalking, and are taught how to conduct an investigation and hearing process that protects the safety of the victim and promotes accountability. College policy provides for:

1. The accuser and the accused student each have the opportunity to attend a hearing before a properly trained hearing board that protects the safety of victims and promotes accountability;

2. The accuser and the accused will have timely notice for meetings at which the accuser or accused, or both, may be present;

3. The institution will allow for timely access to the accuser, the accused and appropriate officials to any information that will be used after the fact-finding investigation but during formal and informal disciplinary meeting and hearings;

4. The institutional disciplinary procedures will be conducted in a fair and impartial manner.

5. The institution provides the accuser and accused the same opportunities to have others present during an institutional disciplinary proceeding. The accuser and the accused student each have the opportunity to be advised by a personal advisor of their choice, at their expense, at any stage of the process and to be accompanied by that advisor at any meeting or proceeding. An advisor may only consult and advise his or her advisee, but not speak for the advisee at any meeting or hearing;

6. A student conduct decision is based on the preponderance of evidence standard, i.e. “more likely than not to have occurred” standard. In other words, the conduct process asks: “is it more likely than not that the accused student violated the College’s Student Code of Conduct”

7. The accuser and the accused will be notified simultaneously in writing of the result of any disciplinary proceeding, as well as any changes to those result or disciplinary actions prior to the time that such results become final; and

8. The accuser and the accused each have the right to appeal the outcome of the hearing and will be notified simultaneously in writing, of any change to the result prior to the time that it becomes final and of the final result after the appeal is resolved.

A person alleging sexual assault, domestic violence, dating violence, or stalking may also utilize the complaint and investigatory procedures set forth in the College’s policy against Sexual Harassment in order to remedy any hostile environment. All conduct proceedings against students, however, will be resolved by following procedures set forth Student Code of Conduct.
When a complainant does not consent to the disclosure of his or her name or other identifiable information to the alleged perpetrator, the College’s ability to respond to the complaint may be limited.

Confidentiality

The College will protect the identity of persons who report having been victims of sexual assault, domestic violence, dating violence, or stalking to the fullest extent of the law and as previously mentioned in this document.

Sanctions and Protective Measures

In all cases, investigations that result in a finding of more likely than not that a violation of the Sexual Misconduct and Violation Policy occurred, will lead to the initiation of disciplinary procedures against the accused individual. College sanctions (Refer to Sanctions & Penalties for Violations in the Student Code of Conduct) may be imposed upon those determined to have violated this policy. The College may implement protective measures following the report of domestic violence, dating violence, sexual assault and/or stalking.

For students, sexual assault, domestic violence, dating violence, and stalking are violations of the Student Conduct Code. Employees who violate this policy will be subject to discipline, up to and including termination of employment. Sexual assault, domestic violence, dating violence, and stalking are criminal acts which also may subject the perpetrator to criminal and civil penalties under federal and state law.

The Title IX Coordinator or their designee will determine whether interim interventions and protective measure should be implemented, and, if so, take steps to implement those protective measures as soon as possible. Examples of interim protective measures include, but are not limited to: a College order of no contact, adjustment of course schedules, a leave of absence, or reassignment to a different supervisor or position. These remedies may be applied to one, both, or multiple parties involved. Violations of the Title IX Coordinator's directives and/or protective measures will constitute related violations that may lead to additional disciplinary action. Protective measures imposed may be temporary pending the results of an investigation or may become permanent as determined by the College.

The College will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the College against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as the result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim.

**Sexual Consent**

Consent is defined as giving explicit permission to participate in any sexual act. Consent must be active, not passive; it cannot be implied or assumed. Each partner must knowingly give permission each and every time they engage in a sexual act.

Consent cannot be given if either participant is:

- Under age

1. Physical or verbal abuse or harassment that injures another person or threatens another person and/or creates a hostile environment for any member of the College community. Sub categories included under physical abuse and harassment also include the following:

- Domestic violence includes asserted violent misdemeanor and felony offenses committed by the victim's current or former spouse, current or former cohabitant,
person similarly situated under domestic or family violence law, or anyone else protected under domestic or family violence law.

- Dating violence means violence by a person who has been in a romantic or intimate relationship with the victim. Whether there was such relationship will be gauged by its length, type, and frequency of interaction.

- Rape, defined as, the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

- Stalking, defined as a person who purposely and repeatedly engages in a course of conduct directed at a specific member of the campus community that would cause a reasonable person to fear bodily injury or death to him or herself or a member of his or her family.

2. Harassment, intimidation or bullying in gesture; written, verbal or electronic communication that is motivated by actual or perceived characteristics such as race, color religion, gender, sexual orientation or disability as well as violations of the RVCC policy on Student Harassment, Intimidation and Bullying by students.

3. Any non-consensual physical contact of a sexual nature; voyeurism or making, attempting to make, viewing, transmitting, or attempting to transmit audio or video of any person(s) where there is an expectation of privacy with respect to nudity and/or sexual activity without the knowledge and consent of all participants subject to such recordings.

4. Initiating or causing to be initiated any false report, warning or threat of fire, explosion, or other emergency on College premises or at College-sponsored activities.

Violations to the Code of Student Conduct either in the classroom, on campus, or with College-sponsored activities may result in specific sanctions including the following: written or verbal warning; probation, suspension, dismissal, or the imposition of such penalties as are found to be appropriate. Students who wish to challenge an accusation of Academic Dishonesty should speak to the Dean of Academic Affairs and may request a formal Disciplinary Review to adjudicate the matter.

**Interim Suspension:**

When it is determined that a student’s continued presence at the College poses, a significant risk of substantial harm to the safety or security of themselves, others, or to property, a student may be suspended pending resolution of the disciplinary process.

An interim suspension means that the student cannot attend classes and must leave College property and remain off of College property. The student may, within three (3) working days of the imposition of the suspension, petition the Dean of Student Services for reinstatement. The petition must be in writing, and must include supporting documentation or evidence that the student does not pose, or no longer poses, a significant risk of substantial harm to the safety or security of themselves, others, or to property. A decision on such petition will be made without undue delay by the Dean of Student Services or their designee.
Code of Conduct’s application to off campus incidents:
The College reserves the right to take disciplinary action where off-campus offenses are involved and where the interests of the College as an educational community are clearly impacted. The determination of the applicability of the Code of Conduct in these cases will be made by the Dean of Student Services or their designee.

Disciplinary Procedures for Violations of the Code of Conduct

Accused student(s) are presumed to be not responsible for violations. Responsibility must be established by a preponderance of evidence. This standard requires that the Disciplinary Review Board or Conduct Officer must be persuaded that it is more likely than not that the allegations brought against the accused student are true.

Where there is an alleged breach of the Code of Student Conduct by a student, the following procedures will be followed as part of the formal disciplinary process. Mid-year changes to the Code of Conduct will be reflected within the Student Conduct RVCC website.

1. In all cases, the dean or his/her designee shall ascertain whether the alleged breach of conduct is one that occurred inadvertently. If so, the breach may be resolved informally with no further action necessary.

2. After discussing with the student, if the dean or his/her designee determines there is a violation the Dean shall advise the student that there has been a breach in the Student Code of Conduct.

3. The Dean and the student may meet and agree to a resolution and resolve the matter without a Disciplinary Review.

4. If there is no mutually agreeable resolution, the matter will be referred to the Code of Conduct Disciplinary Review Board. The Disciplinary Review Board is comprised of five members of the campus community. It is made up of three students and two College employees either from the faculty, administration or staff.

5. Incidents involving Sexual Assault, Domestic Violence or other sensitive matters where a high level of privacy must be maintained may be comprised of specially trained College employees only. The Dean will inform the student in writing that the matter has been forwarded to the Disciplinary Review Board.

6. At least five (5) business days prior to the Disciplinary Review before the Code of Conduct Disciplinary Review Board, the Chair will notify the student and Disciplinary Review Board members of the date, time and place of Disciplinary Review, and general procedures to be followed. The Dean will advise the student and any witnesses.

7. Proceedings before the Code of Conduct Disciplinary Review Board shall be private and are not intended to be formal legal proceedings. The student may request that one support person be allowed with them in the Disciplinary Review but they shall not participate. A representative from within the College community shall be permitted to advise and assist students. The student may either seek out that representative or request assistance finding that representative at least five (5) business days prior to the Disciplinary Review. The Disciplinary Review shall provide a fair inquiry into the charges,
with both parties afforded the opportunity to ask and respond to questions. The decision shall be based on the preponderance of the evidence.

8. After the Disciplinary Review, the Chair shall summarize the proceedings and the outcome in writing along with the Board’s decision and sanction(s) imposed to all parties involved and forward this to the Dean of Student Services who will review and officially inform the student. This report will be placed on file in the office of the Dean of Students. Inquiries about the student’s conduct from transfer Colleges and employers may include confirmation of a code violation.

9. Within 5 business days of the notification of the sanction, a student may submit a written appeal of the Disciplinary Review Board’s decision to the Dean of Student Services. See Appeals section of the Code of Student Conduct for additional information. The decision of the dean is the final appeal.

10. If a student fails to respond to disciplinary correspondence within a specified timeframe, a decision of responsibility may be made based on the information available. Students will have the opportunity to appeal any such decisions.

**Appeals:**

Any student found responsible of a violation and any complaint party in cases of sexual misconduct, violence or other Title IX designated incidents, will have one appeal of the finding and/or sanction.

Students and complaint parties will be given 5 business days, from the date of their decision letter, to submit their appeal. Appeals are to be submitted to the Dean of Student Services. Failure to submit an appeal by the appropriate deadline will render the decision final and conclude the process.

Appeals can be made on the following grounds:

1. Unsupported Conclusion: The decision made is not supported by the facts of the case.
2. Procedural Error: The disciplinary process was conducted unfairly and not in conformity with prescribed procedures. The error committed must be determined to have substantially impacted the fairness of the disciplinary process.
3. Disproportionate Sanction: The sanction imposed against the student was not appropriate for the offense committed.
4. New Information: There is new information available that was not available at the time of the disciplinary process and that is sufficient to alter the original decision.

**Appeal Procedures:**

During the appeal process the Assistant Dean of Student Services will review the written sanction appeal and may or may not request an in person meeting. A decision letter will be sent to all necessary parties at the conclusion of the appeal process. The Assistant Dean of Student Services will do one of the following.

1. Affirm the finding and sanction originally determined.
2. Affirm the finding and modify the sanction if it is found to be clearly disproportionate to the gravity of the violation, precedent for similar offenses, and/or the accused student’s prior disciplinary record.

3. Remand the case for a new Disciplinary Review only if the appeal demonstrates an issue that was so substantial it effectively denied the accused student or the complaint party a fair disciplinary process.

**Disciplinary Files and Records Retention**

The State of New Jersey’s Records Retention Policy requires that disciplinary records be kept for a specific length of time after the conclusion of the case. Records may be kept for a minimum of one year up to an indefinite period, depending on the characteristics of the case. Disciplinary records may only be reported to third parties in accordance with College regulations and are subject to the Family Educational Rights and Privacy Act of 1974.
