3. President’s Report
President Michael McDonough gave a warm welcome to new Board of Trustees member Felecia Nace and to the College’s new Provost/VP for Academic Affairs Debi Preston on behalf of the Board of Trustees and College community. The President also acknowledged two of the four new deans that were in attendance at the meeting – Sarah Imbriglio (Dean of Science, Technology, Engineering, and Math) and Audrey Loera (Dean of Academic Support and Education Partnerships.) The College’s other two new deans are Patrice Marks (Dean of Liberal Arts) and Terry Lynn (Dean of Business, Health Sciences Education, and Library.)

The President announced that RVCC has received the Higher Education Excellence in Diversity (HEED) award from INSIGHT Into Diversity magazine, which is the oldest and largest diversity publication in higher education. President McDonough expressed his gratitude to Richeleen Dashield, Dean of Multicultural Affairs, for putting together an award-winning application for the College.

The President expressed his gratitude to Dean Patrice Marks and to the team of individuals involved in preparing the College’s Periodic Review Report. In addition, President McDonough reported that no site visit or areas requiring additional action are necessary.
The President was pleased to report that *Washington Monthly* magazine has ranked Raritan Valley Community College fifth in its national rankings of the best two-year colleges for adult learners. Solar Eclipse
The Raritan Valley Community College Planetarium heated up with excitement on August 21st, as the Planetarium—and the rest of the country—prepared for a total Solar Eclipse. Approximately 2,000 visitors visited RVCC’s campus and participated in the viewing outside the 3M Observatory, located next to the Planetarium. It was reported that it was the first time in 99 years that the United States experienced a coast-to-coast total Solar Eclipse. While the “Path of Totality” for complete viewing of the Solar Eclipse ran diagonally across the country from Oregon to South Carolina, New Jersey residents were able to see approximately 75 percent of the Sun covered by the moon.

Cosmetology Student Peter Wicks
Raritan Valley Community College cosmetology student Peter Wicks of Whitehouse recently attended Beacon 2017, one of the beauty industry’s most prestigious events for graduating students. The annual Las Vegas event, held this year July 8-10, was part of the Professional Beauty Association (PBA) Beauty Week.
The Beacon provided the nation’s most promising cosmetology students with education and opportunities to network with the industry’s highest profile salon owners and stylists during the PBA Week. Wicks was one of 300 students selected nationwide to attend the conference out of 1,000 applicants.

During the national conference, Peter and other students attended the NAHA (North American Hairstylist Awards), the Oscars of hair, and a Business Forum that provided an overview on key trends and issues affecting the beauty industry. He also attended specially designed breakout sessions that focused on interviewing for jobs, leadership skills, entrepreneurship and more.

RVCC’s next full-time Cosmetology program begins August 30. A daytime Esthetics (Skin Care) program begins July 25, and an evening program begins September 6. Financial aid and industry scholarships are available for those who qualify. For information about the programs, contact Marcia Bird, 908-526-1200, ext. 8618. RVCC, Thomas Edison EnergySmart Chart School Agreement
Raritan Valley Community College and Thomas Edison EnergySmart Charter School (TEECS) of Somerset are launching a new academy this fall that will enable charter school students to pursue an associate degree while they are still in high school. The new partnership between RVCC and TEECS was formally established at a signing ceremony, held June 21 at RVCC.

According to the agreement, the College and Charter School will partner to create the Thomas Edison EnergySmart Charter School (TEECS) Academy for grades 9-12. Graduates of the TEECS Academy will receive an Associate of Science Degree in General Science/Pre-Health Professional from the College and a high school diploma from TEECS.

This new partnership between Raritan Valley Community College and Thomas Edison EnergySmart Charter School is a terrific example of the College’s ongoing commitment to promote STEM education by introducing high school students to exciting career opportunities available in science. The new Science Academy will offer talented and dedicated high school students the chance to get an early start on reaching their higher education goals. By the time their peers are graduating from high school, these students will already have earned an associate degree and will be better prepared to succeed—and thrive—at a four-year college or university.

For additional information about the new Academy, contact Omer Robert, TEECS Guidance Counselor, orobert@energysmartschool.org or Brenda Fisher, RVCC Director of Early College Programs, brenda.fisher@raritanval.edu.

The agreement with TEECS marks the third specialized Academy for high school students at RVCC. The College also offers the Academy for Health and Medical Sciences, a partnership between Somerset County Vocational & Technical High School and RVCC, and the Somerville Academy for Liberal Arts (SALA), a partnership between Somerville High School and RVCC.

TEECS is a tuition-free public school and the first K-12 school in NJ to focus specifically on green/renewable energy. The school is committed to providing a rigorous curriculum for its students in a small and personalized learning environment. TEECS’ mission is to offer a safe, secure, structured and stimulating educational environment to develop students’ academic, technical, personal, and critical thinking skills necessary to meet the standards that will enable them to succeed in a global economy, predicated on knowledge and innovation.
Deer Management Pilot Program
The Environmental Sustainability Committee's proposal for a deer management pilot program has been approved after review by the Safety Committee, Security, and the Administration. Under the program, two bow-hunters will hunt in tree stands in 6 wooded areas of campus (at least 150 feet from all buildings, roads, parking lots, and property boundaries.) Security will monitor the hunting area(s) and hunting will only be permitted during bow-hunting season on Sundays and on campus closing days, before 9 am and after 3 pm. Signs will be posted on the roads into the college on hunting days and on trees at the edges of the woods where hunting may occur. A letter notifying the neighbors has been sent and Sustainability Coordinator Sue Dorward will notify the campus community. The program runs 9/10/17 through 4/12/18.

WHEREAS, the College engaged Van Cleef Engineering to analyze traffic patterns to reduce bottlenecks during peak exiting times during the day; and

WHEREAS, Van Cleef proposed a number of solutions which management took under advisement; and

WHEREAS, RVCC management elected to start simply with the following initiatives which were deemed to cause the least amount of disruption:

- Two (2) new stop signs on either side of the junction of where cars exit Center Drive to most often make a left onto Campus Drive. Currently there is only one stop sign halting cars before they enter Campus Drive. This action alone, according to modeling techniques, should reduce the wait time range to 23.6 – 57.5 seconds (for the highest delay recorded).

- Addressing the high rate of speed on Campus, four (4) speed humps were installed – two (2) on either side of the crosswalk to the Workforce Training Center. A car can with full control drive over a speed hump at up to 20 mph. A speed bump on the other hand requires a full stop.

C. Governance, Policy, and Presidential Evaluation Committee

Trustee Paul Hirsch reported that the Committee reviewed and approved the President’s semiannual Expense Report for the period January 1 through June 30, 2017. It was noted that the President’s expenses were very frugal.

The Committee was provided a copy of the new Academic Affairs organization chart for informational purposes. It was reported that the new divisional level of leadership will help develop a more responsive, comprehensive, and strategic process to provide practical solutions, ultimately reducing barriers to student success and completion.

The Governance Committee discussed the necessity for the Board to update the mission and vision statements. The Committee hopes to make a recommendation on the new mission and vision statements to the full Board of Trustees at the October Board of Trustees meeting (concurrent with Strategic Planning Committee’s recommendation of the College’s new Strategic Plan.)

The Committee received for informational purposes an internal operational policy on Offsite Location Notification. It was reported that this policy provides administration the ability to obtain Middle States Commission on Higher Education’s approval for disbursement of any Title IV funds.
The Committee was informed that the Middle State’s Review Committee accepted the College’s Periodic Review report and that administration will begin work on addressing the few recommendations and on preparing for the self-study. It was reported that no site visit or areas requiring additional action are necessary.

The Committee was advised that a copy of the comprehensive student housing analysis prepared by Danter Company, LLC would be distributed at the Board meeting to all Trustees for their review and in-depth discussions at future meetings.

The Committee received for their review a copy of the Emergency Operations Plan, which by New Jersey statute requires formal adoption by the Board of Trustees every five years. RVCC last adopted a plan on June 26, 2012 (via resolution #71-2012.) A resolution recommending the adoption of the updated plan to the full Board of Trustees will be on the September Board meeting agenda.

As required by the State of New Jersey, the Committee reviewed the Campus Safety Report for the period June 20 through July 31, 2017 and August 1 through August 28, 2017.

The annual Board self-evaluation process will commence in the fall 2017. The annual evaluation provides an excellent framework for a collaborative governance process. Trustee Margaret Windrem has graciously agreed to oversee the process.

IV. Old Business

None

V. New Business

Trustee Wilson noted that the President’s written report includes an incredible summary of the College’s Honors program and indicated that the student success is a great reflection on the College.

VI. Public Questions/Comments.

Trustee DiFrancesco read the following statement into record:

“The Board will take any comments from the public at this time. The Board will not respond to comments made and speakers are limited to two minutes.”

There were no public comments at the time.

VII. Adjournment

There being no further business to bring before the Board, the Regular Meeting adjourned at 5:35 p.m.

Respectfully submitted,
Sheri Lang Pontarollo
Manager, Executive Office and
Secretary to the RVCC Board of Trustees
