II. Catalog Description

Prerequisite/Corequisite: DANC-216 Ballet IV or Permission of Instructor Ballet V is the final technique course in the ballet technique series and focuses on the advanced technical skills and performance capabilities needed to succeed in the dance world. Particular emphasis will be placed on physiology and conditioning methodology for dance. Advanced movement combinations and variations will be incorporated into the barre and center work. Students will be required to provide appropriate dance attire and shoes. This course may be taken multiple times, but only once for credit.

III. Statement of Course Need

A. This course addresses the needs of the serious dance student, as well as the needs of life long learners who are interested in furthering their own abilities in ballet dance. With many of RVCC dance majors being placed out of the basic Ballet I class, it is important that they receive four semesters of Ballet.

This Ballet V would serve as their fourth semester. There are also many RVCC dance majors that are enrolled in the program for over two years. Repeating this course allows these students to continue working on their technique while they finish their degree.

- **B.** The lab component is a necessity in a technique course, and offers the students the ability to work on their movement comprehension, technical abilities, physical endurance and alignment.
- **C.** Transferability:
 - 1. This course generally transfers as a dance program requirement.
 - 2. This course generally transfers as a dance program elective.

IV. Place of Course in College Curriculum

- A. Free Elective
- B. This course meets a program requirement for the dance elective requirement in the A.F.A. Dance Degree.
- C. To see course transferability for New Jersey schools, go to the NJ Transfer website, www.njtransfer.org; for all other colleges and universities, go to the individual websites.
