Financial Aid

Phone: 908-526-1200 ext. 8273

Financial aid is available to full-time and part-time students. The office assists students in securing financial aid from the federal government, the State of New Jersey and scholarships.

- The Free Application for Federal Student Aid (FAFSA) is the first step in applying and can be completed online at fafsa.gov. Staff is available to assist you in completing the FAFSA if you have questions.
- Students who are in the US under DACA should not complete the FAFSA, but instead complete the state of NJ's Alternative Application for state aid at www.hesaa.org
- The state of NJ requires returning students, who have previously received a TAG grant, to complete the 2026-27 FAFSA, by April 15, 2026. FAFSA Applications are accepted year round but the earlier you submit the FAFSA, the wider the range of aid is available to you. Students must reapply each academic year by submitting a new FAFSA form.
- Changes during the semester in the number of credit hours of enrollment must be reported to the Financial Aid Office for any student receiving financial aid. Students should check with the Financial Aid Office before dropping classes or totally withdrawing. Doing this after the semester begins, could result in the loss of some or all financial aid.

The Financial Aid Office is mindful of the effect the struggling economy has had on students. If your family's financial situation has changed in the past year please come visit or contact the office to learn about your options, which could include an Income Appeal.

Satisfactory Academic Progress for Financial Aid Recipients (SAP)

It is important to understand that eligibility for Financial Aid requires that you make progress towards your degree each semester. Satisfactory Academic Progress (SAP) qualifications for Financial Aid Recipients standards are detailed on the Financial Aid website. Appeal forms for exception to SAP must be submitted to the Financial Aid Office. More information about this College Policy is in the College Catalog

Fitness Center

Open to all enrolled students. Students must provide their G-number to access the fitness center. Honors Programs

Phone: 908-526-1200 ext. 8966

Contact: Greg DeSanctis

The Honors Program consists of both the Honors College and Honors courses. Both are intended for motivated students who wish to have an exceptional academic experience.

The Honors College

Open to primarily first-time students enrolling at RVCC. Eligible transfer applicants, including current RVCC students, will also be considered. Admission is competitive and involves additional application requirements, including: recommendation letters, high school transcripts, SAT/ACT scores (if taken) and the potential for a virtual interview. Students should have at least a 3.5 (unweighted) GPA and/or be in the top 20% of their high school class. Students who don't meet either the GPA or class rank criteria may be considered if they have a SAT score of 1100 (or higher) or an aggregate ACT score of 26 (or higher), strong extra-curricular, volunteer and/or leadership engagement, or are highly recommended by their high school counselor. Those selected for admission will become part of a community of highly motivated students in pursuit of their associate's degrees. Honors College students will also be invited to partake in co-curricular, leadership, and cultural enrichment activities, including possible trips to Philadelphia, New York & Washington DC. Being a member of the Honors College can enhance a student's chances of transferring to a highly selective four-year college or university.

Honors Courses

RVCC offers a variety of honors courses each semester for students seeking an increased level of academic rigor. Admission to these classes requires a 3.5 GPA from either RVCC, the most recent college previously attended, or high school. Students can also gain entry to an honors class by getting either the instructor or department chairs' approval. Honors classes are notated on student's RVCC transcript, enhancing the chances of being accepted to a competitive four-year college.

Internships & Cooperative Education (Also see Service Learning)

Phone: 908-526-1200 ext. 8213

An internship is considered a highly important criterion when employers seek to hire a new employee. Internships provide an opportunity for you to explore career choices, gain work experience in your current field of interest and apply your classroom learning to real work situations. In addition, an internship makes you a more marketable candidate when you enter the world of work on a full-time permanent basis.

Similar to an internship, a cooperative education experience, commonly known as a “co-op”, provides academic credit for a structured job experience which is supervised by a Faculty Co-op Coordinator. The Co-op is a course where one must be approved to register. Students cannot register on-line. Locating an internship is the student’s responsibility, the Coordinator of Internship & Cooperative Education will provide you with assistance to prepare for your internship search process.

Participating in either an internship or “co-op” will help students gain a greater degree of confidence about their choice of academic major and when entering professional employment. Please contact the Coordinator of Internship & Cooperative Education for assistance when seeking either an internship or Co-op. Students are encouraged to start the preparation process early.

Academic Programs, Policies and Procedures

Degree Programs

The college awards Associate of Arts degrees, Associate of Science degrees, Associate of Fine Arts degrees, Associate of Applied Science degrees and certificates to students who have completed approved programs. The programs are listed in the College catalog and on the website.

Transfer Programs (A.A., A.S., A.F.A.)

In general, transfer programs are designed for students who are planning a career that requires at least four years of college preparation. Upon completion of a transfer associate degree program at RVCC, students are prepared for transfer into the junior year of baccalaureate study at a four-year college.

Career Programs (A.A.S.)

Career programs are designed to prepare students for entry into a career field upon completion of studies. Although the career programs are not designed for transfer to four-year schools, it is possible to do so. The number of credits acceptable for transfer depends on the program taken at the college and the individual four-year college involved.

Workforce and Certificate Programs

The Workforce Training Center offers a range of industry-recognized certificate programs designed to provide specialized, career-ready skills for today's high-demand fields. These programs include both credit and non-credit options, allowing learners to choose pathways that align with their goals. Many certificates can be completed within one year, enabling individuals to quickly gain credentials that support employment, advancement, and long-term career success.

Adding and Dropping Courses

Do not just stop attending your class! It is important to officially withdraw if you are not able to continue the course. Failure to officially withdraw may result in an "F" grade on the permanent record and may have an impact on your financial aid award. Speak with a financial aid officer before dropping if you are a financial aid recipient.

After initial registration is completed, students may add or drop courses using the [Lion's Den EduNav Registration](#) tile during specified periods. Just log in with your college ID and password, and click on the Student Services tab! Students may also add or drop courses by submitting a [Registration \(Add/Drop\) Form\(.pdf\)](#) to the Student Enrollment Center. Add/Drop transactions will be processed in accordance with the RVCC Semester Refund/Withdrawal Schedule, which can be found on the [RVCC Finance Department](#) page. **Students who fail to officially withdraw from a class may be subject to the full cost of that class. It is imperative that students verify that they are withdrawn from a class if they do not intend to attend.**

Because developmental courses build essential skills for college success, students are not permitted to withdraw from those developmental courses without speaking with an Academic Advisor in Advising, Counseling and Transfer Services. Exceptions may be granted only by consultation with an Academic Advisor or Counselor.

Advanced Standing

RVCC will accept up to 45 transfer credits for coursework completed with a grade of C or better at regionally accredited post-secondary institutions toward an associate degree or 75 percent of the required credits for a certificate program. The course requirements of some selective programs may limit the application of transfer credits to degree requirements.

Break in Enrollment and Catalog Year

A student who interrupts his/her studies for more than three years must fulfill the requirements in place upon re-enrollment. A student with a break of more than three years may use requirements in place during initial enrollment only if he/she had earned 50 credits prior to the break in enrollment and if the degree is still being offered.

A student whose program has been discontinued will be permitted two years to complete the program; RVCC will not award degrees for programs that have been discontinued for more than two years.

Changing Majors

Students who wish to change their degree or certificate programs must meet with their academic advisor or someone in Advising and Transfer Services. In their first semester at RVCC, any student wishing to change from non-degree-seeking to degree-seeking must complete an Admissions Information Update Form in the Admissions Office. All other students who want to change their degree or certificate programs need to speak to their academic advisor.

Credit Limit

Both Degree-seeking and visiting students may enroll for a maximum of 19 credit hours during the Fall or Spring semesters, 12 credit hours during the Summer semester, and up to 5 credits during the Winter Intersession, unless permission is granted by an Academic Advisor. Non-degree students are limited to 9 credits per semester.

General Education Courses

All associate degree programs include a broad range of courses that contribute to students' general education. To choose the appropriate general education courses for your degree or certificate program, you can review possible options in the current RVCC Catalog [here](#).

'G Number' or Student ID Number

It is important that you learn your college-assigned student identification number, identified in your acceptance email. The nine-digit number begins with a 'G' and should be included on all forms and correspondence. This G Number also serves as the username for access to Lion's Den for online services and transactions. You need your G Number for just about everything you do at RVCC so make sure to memorize it! If you ever have trouble logging in to Lion's Den you can visit the Technology Services Helpdesk via email at helpdesk@raritanval.edu, via phone at: 908-231-8811 or 908-526-1200 ext.7887, or in person with a photo ID and your G Number to get it resolved.

Registration

Registration for Fall semester courses generally begins in April. Registration for Spring and Winter courses generally begins in early November. Registration for Summer courses generally begins in January. You are encouraged to meet with an Academic Advisor prior to registration and register early for the best selection of classes.

Three Ways to Register for Classes:

1. **Web:** If you have [Lion's Den](#) access and no registration holds you can register and add or drop courses online through EduNav during specified periods.
1. **In-Person:** Complete the registration form, including your G number, and bring it to the Office of Enrollment Services.
2. **E-mail:** Complete the registration form, including your G number and email to registrar@raritanval.edu

A student's registration is not official unless class registrations have been recorded by the college and payment has been accepted. Otherwise, the registration is subject to possible cancellation. Students should refer to the published class schedule to confirm payment due dates. It is ultimately the student's responsibility to withdraw from their classes. **Students who fail to officially withdraw from a class may be subject to the full cost of that class. It is imperative that students verify that they are withdrawn from a class if they do not intend to attend.**

Registration Holds

You may be restricted from registering online or from registering at all due to a Registration Hold. This may be the result of admission status, academic standing, required developmental studies courses, required admission or financial aid documents, outstanding library books or athletic equipment, an outstanding bill, or other requirement. Check for messages in Lion Mail, view holds through the Lion's Den Student Services tab, and contact the Originator of the Hold for clarification and assistance.

Transcripts

All official transcripts must be ordered [here](#) online through Parchment. With Parchment, students can send an electronic transcript which is a certified PDF of an official transcript to any valid email address. Fees for transcripts are as follows: Electronic transcript \$10.00, Paper transcript mailed \$12.50 and Paper transcript-Pick-up \$12.50. Check your Lion's Den for updates on when transcripts will be available for currently enrolled students at the end of each semester.

Students may view and print unofficial transcripts through the Lion's Den Student Services, under Registration and Records Tools select View Academic Transcripts. Students ordering official transcripts to send to another educational institution, should select hold for grades to ensure final grades appear on the transcript.

Tuition & Payment

Check the website to make certain you pay your bill on time. Tuition and payment information is available on the College's website under the Paying for college option. Students are encouraged to become familiar with payment due dates for each semester, as well as the refund period. A copy of your student bill will be emailed to your official college email account. Bills can be paid online through the Lion's Den, or in person at the Student Enrollment Center.

Classes, Exams & Grades

Auditing a Course

Auditing a course means enrolling in the course on a non-credit basis. A student who wants to attend the class meetings in a course, without receiving credit for the course, may request to audit the course. To audit a course, the student must register for the course as an audit. Students do not require instructor permission if they register to audit prior to the start of the course. Once the course begins, instructor approval is required.

Unless otherwise exempted by the faculty member, a student auditing a course must meet all prerequisites and/or co-requisites for the course and must consult with the faculty member to determine course expectations and restrictions.

A student must request permission from an instructor to change from credit status to audit status in a course at any time prior to the last day to withdraw from a course as published in the College's Academic Calendar. A student enrolling to audit a course in a particular term may not change to credit status in that course.

Credit hours in audited courses are not counted in the total number of hours used to determine the student's full-time or part-time enrollment status. Credit hours in audited courses are counted in determining whether the student's total credit hour enrollment is in compliance with any enrollment limitations or restrictions. Auditing a course does not satisfy any prerequisites for enrolling in subsequent courses. Courses taken under audit status do not count toward a student's financial aid eligibility.

Class Attendance

Students are expected to attend all classes, laboratories, clinical, and studio sessions for every course in which they are enrolled and are responsible for all material presented in class sessions and in online activities for these courses.

To accommodate students' reasonable, personal situations that might prevent them from attending classes, each student is entitled to excused absences amounting to the equivalent of one week's class time in a 14-week semester. Absences may be pro-rated for other terms.

Any absences in excess of this standard can prevent students from achieving the course learning outcomes as determined by the instructor. Courses across disciplines, especially clinical, lab, and studio courses, may have a different attendance policy and it will be so noted on each syllabus.

It is the responsibility of the student to know and follow attendance policies as required by the instructor for each course.

Verification of Attendance

Verification of attendance involves instructors confirming that students have begun participation in RVCC courses. Instructors are required to verify attendance through the tenth day census date for the course. Refer to the academic calendar for specific dates based on course start date and length.

In compliance with Federal Regulations, at RVCC attendance verification is determined by:

- Attending a class, lecture, recitation, or field, laboratory or studio activity where there is an opportunity for interaction between the instructor and students;
- Submitting an academic assignment;
- Taking an assessment or an exam;
- Participating in an interactive tutorial, webinar, or other interactive computer assisted instruction;
- Participating in a study group, group project, and/or an online discussion that is assigned by the institution.

Logging into an online class or online tutorial without any further participation does not count for attendance. After the verification of attendance is complete, students are still expected to attend and participate in courses in which they are enrolled.

Progress Reporting

To support student success, the college will use a Progress Report system to notify students who are struggling to make academic progress. The goal of the notifications is to direct students to the appropriate resources available.

Final Examinations

A final examination is given at the end of most courses at the time and place published by the Registrar's Office. Faculty members may not alter their examination schedules unless a specific change has been authorized by the appropriate Division Dean.

Students are not expected to take more than two final examinations on any given day. If a student has more than two final examinations scheduled on a single day, he/she may appeal to have one of the examinations rescheduled. The line of appeal is first to the faculty member(s) and then to the appropriate Division Dean. Students are expected to take final examinations when they are scheduled or rescheduled. Missed examinations may be rescheduled at the discretion of the faculty member. Final examination schedules are posted in Lion's Den.

Grade Reports

Students may view final semester or summer session grades by using the Lion's Den or the RV Mobile App. Grades become viewable as the instructors report them to the Office of Enrollment Services. Approximately two weeks after the end of the semester or summer session, grade point averages are calculated and grade reports are emailed to the Lion Mail address.

Grade Appeals

Student academic complaints should initially be discussed between the student and the student's instructor. Failing a satisfactory resolution of the problem at this level, the student should consult with the appropriate department chairperson. Should the student still feel that a satisfactory resolution has not been achieved, the student may request the appropriate Division Dean to review the matter.

Students wishing to initiate a grade appeal must do so in writing within four weeks of the beginning of the following semester, excluding Summer Sessions. Other than in cases of computational or clerical error, grades may only be changed by following the grade appeal procedure.

Grade Appeal Procedure

A student who wishes to appeal a final grade shall proceed as follows:

1. Submit a written request for a grade change along with the rationale for such a request to the faculty member who assigned the grade. The appeal must be filed by the fourth week of the following semester (Summer sessions not included).
2. Within two weeks of filing such a request for a grade change by the student, the faculty member shall respond in writing rendering a decision about the request for change of a grade, copying the department chair as well.

If the student wishes to further challenge the decision of the faculty member as described above, he/she shall follow the following procedure:

1. A written petition for a grade change should be filed, in writing, with the appropriate chairperson after conferring with the instructor. The petition shall include a description of the student's rationale for challenging the recorded grade with supporting documentation.
2. The chairperson shall:
 - Interview the student.
 - Interview the instructor who assigned the grade.
 - Review written material submitted by the student and instructor. The chairperson shall also consult with senior faculty members familiar within the discipline involved with respect to the graded material under challenge.
 - The chairperson shall render a written recommendation to the student and instructor involved within one month from the date the chairperson received the petition, and copy the Division Dean.
3. If the grade was not changed through the above process, the student may further appeal to the appropriate Division Dean. The Dean will review all materials and determine whether or not a grade change shall be approved, and shall advise the involved student and faculty member in writing of the decision. The decision of the Dean shall be final.

Incomplete Grades

An Incomplete grade (I) is given only when a documented emergency occurs after the final withdrawal date for that course, thus preventing a student from completing all of the required work.

A student receiving an Incomplete grade has four weeks from the end of the semester in which the grade was assigned to complete the missing work. It is the student's responsibility to contact the faculty member to make arrangements to complete the missing work. When the work is completed, the faculty member assigns a final grade, replacing the "I" on the student's permanent academic record. If the required work is not satisfactorily completed within the four-week time period, a grade of "F" is assigned, replacing the "I."

Repeating a course for which an Incomplete grade was received has no effect on the resolution of the original grade. An Incomplete grade is counted as an “F” in computing a student’s cumulative grade point average for the awarding of a degree or certificate.

Repeating a Course

Students may repeat most college-level course once without specific authorization. If a student has taken a college-level course twice and wants to repeat the course for a third time, the is required to meet with an academic advisor. Depending on the course, approval of the appropriate Division Dean may be required.

Courses in which students have received grades of W, AU, or P are not included in counting repeated courses.

When a college-level course is repeated, all enrollments in the course are included on the student’s permanent academic record, but only the highest grade earned at RVCC will be included in the student’s grade point average (GPA).

To take a developmental math course for the third time, a student is required to meet with an academic advisor and may be restricted to certain courses or to a limited number of courses. To repeat any developmental English course a student is required to meet with an academic advisor and may be restricted to certain courses or to a limited number of courses. After taking the same developmental English course for the third time, without success, the student must meet with the appropriate Division Dean to discuss academic and career options. To take an ESL course for the third time a student must have the approval of an academic or faculty advisor and may be restricted to certain courses or to a limited number of courses. After taking the same ESL course for the fourth time without success, the student must meet with the appropriate Division Dean to discuss academic and career options.

Students receiving financial aid should consult with the Financial Aid office before repeating a course, since some financial aid programs do not pay for repeated courses.

Academic Renewal Program

What is the Academic Renewal Program?

Think of this program as a fresh start for students who:

- Previously attended Raritan Valley Community College (RVCC).
- Didn’t perform well academically during that time (had a low GPA).
- Left RVCC for at least three years.

Students can return to RVCC and pursue a new degree or certificate program without their old, lower grades dragging down their new GPA.

How Does It Work?

If you qualify for Academic Renewal:

- Your old RVCC grades will not be used to calculate your new GPA, so your past academic struggles won’t hurt your future GPA at RVCC.
- However, your old academic record will still appear on your official transcript. It won’t disappear completely but won’t affect your new GPA.

- Your grades from when you return to RVCC will count towards your new GPA. This includes the first 12 credits you take to qualify for the program.

What Do You Need to Do to Qualify?

To be eligible for the Academic Renewal Program, you must meet these requirements:

- Be officially enrolled in a degree or certificate program at RVCC.
- Have been away from RVCC for at least three full years (36 months).
- After returning to RVCC, you must complete at least 12 credit hours.
- After returning, you must earn a GPA of 2.4 or higher in those first 12 or more credits.
- You must be currently taking classes at RVCC.

Important Points to Remember:

- Only your GPA is affected. Your previous academic history remains on your transcript.
- Courses with a “C” or better grade from your previous enrollment can still count towards your graduation requirements. Even though the grades don’t impact your GPA, the credits might still be useful for your degree.
- For complete details, refer to the official College Catalog.

Academic Standing

Academic Standing is recorded on the academic transcript at the conclusion of each term. Students whose comprehensive semester grade point average or cumulative college level grade point average falls below 2.00 will receive a Lion’s Den e-mail letter indicating their academic standing. Students should check final grades and academic standing on Lion’s Den and Lion’s Den e-mail each term.

Grade Point Averages Used to Determine Academic Standing

Comprehensive semester grade point average: The grade point average for the term, including developmental studies, English as a Second Language Studies, and all other college-level coursework

Cumulative grade point average: The cumulative grade point average for all college-level coursework at Raritan Valley Community College

Good Standing

Students must maintain a comprehensive semester grade point average of 2.0 or better and a cumulative college level grade point average of 2.0 or better to be in Good Academic Standing.

Academic Alert

Academic Alert is an initial warning to students whose comprehensive semester grade point average or cumulative college level grade point average falls below 2.00 that they are not making satisfactory academic progress and that they may be placed on Academic Probation if their record does not improve.

Academic Probation

Students on Academic Alert whose comprehensive semester grade point average or cumulative grade point average is below 2.0 in their next enrollment term are placed on Academic Probation.

Students on Academic Probation whose comprehensive semester grade point average in their next enrollment term is 2.0 or higher, but whose cumulative grade point average remains below 2.0, remain on Academic Probation.

Academic Probation is a serious warning to students that they are not making satisfactory academic progress and that they may be placed on Academic Suspension if their record does not improve. Students on Academic Probation must have the approval of an Academic Advisor for subsequent enrollments or enrollment changes while on Academic Probation. Students' enrollment may be restricted to certain courses, or to a limited number of courses, as a condition of Academic Probation status.

Academic Suspension

Students on Academic Probation whose comprehensive semester grade point average in their next enrollment term is below 2.0 are placed on Academic Suspension.

Students on Academic Suspension are prohibited from enrolling in the next semester. A student may petition for permission to enroll part-time to the Academic Standards Committee or to an Academic Advisor authorized by the Academic Standards Committee to hear such petitions. If a student's petition is approved, the student is placed on Suspension Probation.

Suspension Probation

Students returning to the college after a period of Academic Suspension or Academic Dismissal, and students who successfully petition to enroll from Academic Suspension are placed on Suspension Probation. Students on Suspension Probation must meet with an Academic Advisor before re-enrolling. These students' enrollment may be restricted to certain courses, or to a limited number of courses, as a condition of Suspension Probation status.

Academic Dismissal

Students on Suspension Probation whose comprehensive semester grade point average in their next enrollment term is below 2.0 are placed on Academic Dismissal. Students may also be dismissed as a result of academic integrity violations. Students who are dismissed are prohibited from enrolling for two calendar years. Students are subject to Academic Dismissal each enrollment term the comprehensive semester grade point average is below 2.0, until achieving Good Academic Standing. Academic Dismissal is final and cannot be appealed.

Re-enrollment Following Academic Dismissal

A student returning to the college after a two-year period of Academic Dismissal must submit a written request to academic.affairs@raritanval.edu. A meeting will then be scheduled with the Director of Advising and a Division Dean. If reinstated, the student will be placed on Suspension Probation.

Commencement & Academic Honors

Commencement

The college holds Commencement Exercises in May of each year. A student may participate in Commencement Exercises if the student meets any of the following criteria:

- Completed all program requirements at the end of the previous Fall Semester or at the end of the previous Summer session.
- Will have completed all program requirements at the end of the current Spring Semester.
- Has three or fewer courses remaining to be completed to fulfill all program requirements and is enrolled in those courses in the following Summer session.

Selection of Student Commencement Speaker

The college believes it is fitting and appropriate to have a representative of the graduating class speak at Commencement as a way of showcasing the accomplishments of our students. A college committee is responsible for recommending a student speaker to the President. In selecting a speaker consideration is given to a student's grade point average, academic achievements and personal accomplishments.

GradFest

A precursor to Commencement, GradFest is a celebratory event held in recognition of students' accomplishments. Graduates have the opportunity to complete tasks that have traditionally been left until the morning of Commencement:

- One-stop venue to receive their cap, gown, other regalia
- Cards with their phonetic spelling for announcement at ceremony

Graduates have the opportunity to meet with RVCC's alumni association, Career Success and Experiential Learning, Financial Aid as well as recruiters from 4 year colleges.

Academic Honors

Graduation-with-honors designations for the Commencement Ceremony are based on the student's Grade Point Average (GPA) as follows:

- Summer and Fall Graduates – GPA at the end of the Graduation term.
- Spring Graduates – GPA at end of the previous Fall Semester.

The college recognizes the academic achievement of students in the following ways:

Dean's List

It also grants immunity to those who administer the overdose antidote, Naloxone to revive a person. Similarly, the "9-1-1 Lifeline Legislation" (N.J. P.L. 2009, c.133) lets underage drinkers report alcohol poisoning without fear of prosecution. These laws are designed to save lives.

Service Animals are working animals, not pets. The work or task that a Service Animal has been trained to provide must be directly related to the person's disability. Sanctions & Penalties for Violations

Violations to the Code of Student Conduct, either in the classroom, on campus, or with college-sponsored activities, may result in specific sanctions including the following: written or verbal warning; probation; suspension; dismissal; or the imposition of such penalties as are found to be appropriate. Students who wish to challenge an accusation of Academic Dishonesty should speak to the appropriate Divisional Dean and may request a formal Disciplinary Review to adjudicate the matter.

Interim Suspension

When it is determined that a student's continued presence at the college poses a significant risk of substantial harm to the safety or security of themselves, others, or to property, a student may be suspended pending resolution of the disciplinary process.

An interim suspension means that the student cannot attend classes and must leave college property and remain off college property. The student may, within three (3) working days of the imposition of the suspension, petition the Vice President for Student Affairs for reinstatement. The petition must be in writing and must include supporting documentation or evidence that the student does not pose, or no longer poses, a significant risk of substantial harm to the safety or security of themselves, others, or to property. A decision on such a petition will be made without undue delay by the Vice President for Student Affairs or their designee.

Disciplinary Procedures for Violations of the Code of Conduct

Pending college actions or violation of college regulations and civil or criminal laws, the right of a student to be present on the campus can be suspended for reasons related to the student's physical and/or emotional safety and the well-being of the College community. The college reserves the right to take disciplinary action where off-campus offenses are involved and where the interests of the College as an educational community are threatened.

Where there is an alleged breach of the Code of Conduct by a student, the Office of the Vice President of Student Affairs follows specific procedures to process Student Conduct incidents. The Vice President has designated the Executive Director of Student Support to administer the Code of Student Conduct.

Accused student(s) are presumed to be not responsible for violations. Responsibility must be established by a preponderance of evidence. This standard requires that the Disciplinary Review Board or Conduct Officer must be persuaded that it is more likely than not that the allegations brought against the accused student are true.

Where there is an alleged breach of the Code of Student Conduct by a student, the following procedures will be followed as part of the formal disciplinary process. Mid-year changes to the Code of Conduct will be reflected within the Student Handbook.

1. In all student conduct cases, the Office of the Vice President of Student Affairs will designate a conduct officer to oversee the specific case. The Conduct Officer shall ascertain whether the alleged breach of conduct is one that occurred inadvertently. If so, the breach may be resolved informally with no further action necessary.
2. After discussing the incident with the student, if the conduct officer determines there is a violation, they shall advise the student that there has been a breach in the Student Code of Conduct.
3. The Conduct Officer and the student may meet and agree to a resolution and resolve the matter without a Disciplinary Review.
4. If there is no mutually agreeable resolution, the matter will be referred to the Code of Conduct Disciplinary Review Board or a Disciplinary Review Conduct Officer. A Disciplinary Review may be comprised of a multi-person board or a single Disciplinary Review Conduct Officer. The Office of the Vice President of Student Affairs will make that determination based on the confidentiality required within the case and the availability of board members of conduct officers.
5. Incidents involving Sexual Assault, Domestic Violence or other sensitive matters where a high level of privacy must be maintained, may be comprised of specially trained college employees only. The Vice President of Student Affairs or their designee will inform the student in writing that the matter has been forwarded to the Disciplinary Review Board.
6. At least five (5) business days prior to the Disciplinary Review before the Code of Conduct Disciplinary Review Board, the Chair will notify the student and Disciplinary Review Board members of the date, time and place of Disciplinary Review, and general procedures to be followed. The Vice President of Student Affairs or their designee will advise the student and any witnesses.
7. Proceedings before the Code of Conduct Disciplinary Review Board shall be

private and are not intended to be formal legal proceedings. The student may request that one support person be allowed with them in the Disciplinary Review but they shall not participate. A representative from within the College college community shall be permitted to advise and assist students. The student may either seek out that representative or request assistance finding that representative at least five (5) business days prior to the Disciplinary Review. The Disciplinary Review shall provide a fair inquiry into the charges, with both parties afforded the opportunity to ask and respond to questions. The decision shall be based on the preponderance of the evidence.

8. After the Disciplinary Review, the Chair or Disciplinary Review Conduct Officer, shall summarize the proceedings and the outcome in writing along with the Board's decision and sanction(s imposed to all parties involved and forward this to the Vice President of Student Affairs who will review and officially inform the student. This report will be placed on file in the office of the Office of the Vice President of Student Affairs. Inquiries about the student's conduct from transfer colleges and employers may include confirmation of a code violation.
9. Within 5 business days of the notification of the sanction, a student may submit a written appeal of the decision to the Vice President of Student Affairs. See Appeals section of the Code of Student Conduct for additional information. The decision of the Vice President of Student Affairs is the final appeal.
10. If a student fails to respond to disciplinary correspondence within a specified timeframe a decision of responsibility may be made based on the information available. Students will have the opportunity to appeal any such decisions

Appeals

Any student found responsible of a violation and any complaint party in cases of sexual misconduct, violence or other Title IX designated incidents, will have one appeal of the finding and/or sanction.

Students and complaint parties will be given 5 business days, from the date of their decision letter, to submit their appeal. Appeals are to be submitted to the Vice President of Student Affairs. Failure to submit an appeal by the appropriate deadline will render the decision final and conclude the process.

Appeals can be made on the following grounds:

1. **Unsupported Conclusion:** The decision made is not supported by the facts of the case.
2. **Procedural Error:** The disciplinary process was conducted unfairly and not in conformity with prescribed procedures. The error committed must be determined to have substantially impacted the fairness of the disciplinary process.
3. **Disproportionate Sanction:** The sanction imposed against the student was not appropriate for the offense committed.
4. **New Information:** There is new information available that was not available at the time of the disciplinary process and that is sufficient to alter the original decision.

Appeal Procedures:

During the appeal process the Vice President of Student Affairs will review the written sanction appeal and may or may not request an in-person meeting. A decision letter will be sent to all

necessary parties at the conclusion of the appeal process. The Vice President of Student Affairs will do one of the following.

1. Affirm the finding and sanction originally determined.
2. Affirm the finding and modify the sanction if it is found to be clearly disproportionate to the gravity of the violation, precedent for similar offenses, and/or the accused student's prior disciplinary record.
3. Remand the case for a new Disciplinary Review only if the appeal demonstrates an issue that was so substantial it effectively denied the accused student or the complaint party a fair disciplinary process.

Disciplinary Files and Records Retention

The State of New Jersey's Records Retention Policy requires that disciplinary records be kept for a specific length of time after the conclusion of the case. Records may be kept for a minimum of one year up to an indefinite period, depending on the characteristics of the case. Disciplinary records may only be reported to third parties in accordance with college regulations and are subject to the Family Educational Rights and Privacy Act of 1974.
